**Applications Using Oracle Application Express - Second Edition** Riaz Ahmed,2013-09-03 The success of the first edition of this book motivated me to write the second one The first edition was written with the objective to put a big picture of Oracle Application Express in front of the audience and revolved around the sample application to demonstrate the practical aspect of the technology The previous edition emphasized on the HOW area and didn t deeply elaborate the WHY part After getting valuable feedback from the respected audience I spent ample time to revise my work with some more useful stuff This book is written keeping in view those suggestions Focusing on the current Oracle Application Express version 4 2 it contains the following new enhancements to show how to develop web applications with the help of this unique declarative rapid application development RAD tool Mobile web application development Utilization of new themes and grid layouts in desktop and mobile web applications A new chapter to elaborate different areas of the technology Hands on step by step instructions with thorough explanations Improved user friendly book layout You ll create two flavors of a web application in this book desktop and mobile The desktop version teaches you many techniques that will aid you in your own development tasks Once you complete the application and fully understand the provided instructions you ll be able to develop Internet facing applications as well as the conventional departmental applications with professional look in web interface The mobile

version on the other hand is really cool and fun The chapter devoted to this platform shows how to create the same desktop application for mobile devices To save development efforts and time you ll be guided to use existing tested application pages from the desktop version for the mobile platform This work is produced with the intention to help those who are willing to learn how desktop and mobile web applications are developed in minimal time frame It is assumed that the users of this book have basic knowledge of SQL PL SQL and have exposure to Oracle database objects From APEX introduction to application development and from dual version development to its deployment this book is the ultimate practical guide for you to enhance your skills in an area which is the need of the hour

**Beginning Oracle Application Express 4** Doug Gault,Karen Cannell,Patrick Cimolini,Timothy St Hilaire,Martin DSouza,2011-07-14 Beginning Oracle Application Express 4 introduces one of the most talked about development platforms to come out of Oracle Corporation in years Oracle Application Express called APEX for short enables rapid and easy development of web based applications that make full use of Oracle Database The release of APEX 4 brings a huge leap forward in terms of functionality and usability for both the developer and the end user Power users and programmers alike can quickly put together robust and scalable applications for use by one person by a department by an entire company Whether you re new to Oracle or an old hand who s yet to test the waters of APEX Beginning Oracle Application Express 4 introduces the processes and best practices you ll need to become proficient with APEX The book shows off the programming environment the utilities and tools available and then continues by walking through the process of building a working system from the ground up While the book assumes a foundational knowledge of SQL and PL SQL all code used is documented and explained so that those new to the languages will not be lost Covers brand new functionality in APEX 4 Provides fully documented and explained example code Guides you through creating a working and fully deployable application

*Oracle Application Express 5.1 Basics and Beyond* Riaz Ahmed,2017-01-17 You will find stuff about workspace application page and so on in every APEX book But this book is unique because the information it contains is not available anywhere else Unlike other books it adopts a stimulating approach to reveal almost every feature necessary for the beginners of Oracle APEX and also takes them beyond the basics As a technology enthusiast I write on a variety of new technologies but writing books on Oracle Application Express is my passion The blood pumping comments I get from my readers on Amazon and in my inbox are the main forces that motivate me to write a book whenever a new version of Oracle APEX is launched This is my fifth book on Oracle APEX and the best so far written after discovering the latest 5.1 version As usual I m sharing my personal learning experience through this book to expose this unique rapid web application development platform In Oracle Application Express you can build robust web applications The new version is launched with some more prolific tools to maximize developers productivity Once again I ve left out the boring bits and have adopted the same practical inspirational approach that has exposed the anatomy of Oracle Application Express to thousands of beginners in the past The most convincing way to explore a technology is to apply it to a real world problem In this book

you'll develop a sales web application that not only reveals the anatomy of Oracle Application Express but at the same time provides hands on techniques that build a solid foundation for you to become a web developer. Since there are lots of changes in the new version all content has been revised to slot in these changes including the features new to version 5.1. The short list below summarizes the features of Oracle APEX 5.1 covered in this book. Hands on exposure to the new features such as Interactive Grid, Oracle JET Charts, the new declarative Master Detail, Detail capabilities, dozens of new properties and new development procedures. Teaches how to rapidly develop data centric web application for desktops, laptops, tablets and latest smartphones. Produce highly formatted PDF reports including invoices, grouped reports and pivot tables not covered in any other APEX book. Design and implement a comprehensive custom security module unique to this book. Step by step instructions to create mobile version of the application using existing desktop application pages not covered in any other beginner's guide. This is a concise yet a concrete book on Oracle Application Express written for those who want to become web application developers. The sticky inspirational approach adopted in this book not only exposes the technology but also draws you in and keeps your interest up till the last exercise. I'm grateful to all my readers whose helpful feedback enabled me to further polish my work in this edition. Special offer: For those who are new to SQL or those who want to strengthen their SQL knowledge, I'm providing my e-book SQL: The Shortest Route For beginners with this book for FREE.

Revision of Beginning Oracle Application Express 4.2 (2011) [Create Rapid Web Application in Oracle Application Express 19](#)

Riaz Ahmed, 2019-04-17 This is my eighth book on Oracle Application Express (APEX) written for the latest version. Just like my previous books that exposed the technology to thousands around the globe, this book is also aimed at absolute beginners who wish to learn from self-paced professional guidance and need a solid foundation in Oracle APEX. Oracle APEX is an amazing development platform in which you can build robust web applications. Not only does it provide an environment where you can rapidly develop data centric web applications, it also allows end users to interact with their data via tools like interactive report, interactive grid, different types of charts, maps, and more. The most convincing way to explore a technology is to apply it to a real world problem. Without involving the audience too much into the boring bits, the book adopts an inspiring approach that helps beginners practically evaluate almost every feature of Oracle APEX. In this book, you'll develop an application that demonstrates the use of those features to get hands on exposure of Oracle APEX anatomy. The sticky inspirational approach adopted in this book not only exposes the technology but also draws you in and keeps your interest up till the last exercise. The ultimate objective of this book is to introduce you to the art of building web applications by iteratively developing the sample database application provided with Oracle APEX from scratch. The application demonstrates how to display summary information, use reports and forms for viewing, updating, and adding information, include charts and maps to visualize information, and create dedicated mobile pages. This application has been chosen as an example because you can learn most

of the techniques from it for your own future work The primary purpose of this book is to teach you how to use Oracle APEX to realize your own development goals Each chapter in this book explores a basic area of functionality and delivers the development techniques to achieve that functionality By the time you reach the end of the examples in this book you will have a clear understanding of Oracle APEX and will be able to extend the application in almost any direction The short list below presents some main topics of Oracle APEX covered in this book Rapid web application development for desktops laptops tablets and latest smartphones Create comprehensive applications declaratively without writing tons of code Design application pages using Page Designer Create applications with the help of wizards Create custom application pages by adding components manually Use same interface and code to develop applications for a wide array of devices Present data using a variety of eye catching charts Produce highly formatted PDF reports including invoices grouped reports and pivot tables Design and implement a comprehensive security module If you are looking for a concise and concrete Oracle APEX book written for beginners then I must say that this is the book that will return more than what you pay for it Special offer For those who are new to SQL or those who want to strengthen their SQL knowledge I m providing my e book SQL The Shortest Route For Beginners with this book for FREE     **Oracle Database XE 11gR2 Jump Start Guide** Asif Momen,2012-07-10 Build and manage your Oracle Database XE environment with this fast paced practical guide

## **Oracle Database Application Express User39s Guide Introduction**

In today's digital age, the availability of Oracle Database Application Express User39s Guide books and manuals for download has revolutionized the way we access information. Gone are the days of physically flipping through pages and carrying heavy textbooks or manuals. With just a few clicks, we can now access a wealth of knowledge from the comfort of our own homes or on the go. This article will explore the advantages of Oracle Database Application Express User39s Guide books and manuals for download, along with some popular platforms that offer these resources. One of the significant advantages of Oracle Database Application Express User39s Guide books and manuals for download is the cost-saving aspect. Traditional books and manuals can be costly, especially if you need to purchase several of them for educational or professional purposes. By accessing Oracle Database Application Express User39s Guide versions, you eliminate the need to spend money on physical copies. This not only saves you money but also reduces the environmental impact associated with book production and transportation. Furthermore, Oracle Database Application Express User39s Guide books and manuals for download are incredibly convenient. With just a computer or smartphone and an internet connection, you can access a vast library of resources on any subject imaginable. Whether you're a student looking for textbooks, a professional seeking industry-specific manuals, or someone interested in self-improvement, these digital resources provide an efficient and accessible means of acquiring knowledge. Moreover, PDF books and manuals offer a range of benefits compared to other digital formats. PDF files are designed to retain their formatting regardless of the device used to open them. This ensures that the content appears exactly as intended by the author, with no loss of formatting or missing graphics. Additionally, PDF files can be easily annotated, bookmarked, and searched for specific terms, making them highly practical for studying or referencing. When it comes to accessing Oracle Database Application Express User39s Guide books and manuals, several platforms offer an extensive collection of resources. One such platform is Project Gutenberg, a nonprofit organization that provides over 60,000 free eBooks. These books are primarily in the public domain, meaning they can be freely distributed and downloaded. Project Gutenberg offers a wide range of classic literature, making it an excellent resource for literature enthusiasts. Another popular platform for Oracle Database Application Express User39s Guide books and manuals is Open Library. Open Library is an initiative of the Internet Archive, a non-profit organization dedicated to digitizing cultural artifacts and making them

accessible to the public. Open Library hosts millions of books, including both public domain works and contemporary titles. It also allows users to borrow digital copies of certain books for a limited period, similar to a library lending system. Additionally, many universities and educational institutions have their own digital libraries that provide free access to PDF books and manuals. These libraries often offer academic texts, research papers, and technical manuals, making them invaluable resources for students and researchers. Some notable examples include MIT OpenCourseWare, which offers free access to course materials from the Massachusetts Institute of Technology, and the Digital Public Library of America, which provides a vast collection of digitized books and historical documents. In conclusion, Oracle Database Application Express User39s Guide books and manuals for download have transformed the way we access information. They provide a cost-effective and convenient means of acquiring knowledge, offering the ability to access a vast library of resources at our fingertips. With platforms like Project Gutenberg, Open Library, and various digital libraries offered by educational institutions, we have access to an ever-expanding collection of books and manuals. Whether for educational, professional, or personal purposes, these digital resources serve as valuable tools for continuous learning and self-improvement. So why not take advantage of the vast world of Oracle Database Application Express User39s Guide books and manuals for download and embark on your journey of knowledge?
