Academic Paper from the year 2020 in the subject Business economics Business Management Corporate Governance grade A course Cross Cultural Business language English abstract The purpose of this paper is to analyze and evaluate the market entry of Tesla Inc in Germany. In November 2019 Tesla revealed to build a European production plant on the outskirts of Berlin in Germany. The aim of this paper is to give account to the foreign market entry of Tesla Inc in Germany. This leads to the following research question that guides this paper: What could be business success factors and threats of Tesla's strategy to enter the German automotive industry market? Tesla Inc former Tesla Motors Inc is a car manufacturer and sells fully electric vehicles energy storage systems as well as installs operates and maintains solar and energy storage products. Reuters n d The company was founded in 2003 by a group of engineers. In 2008 Tesla launched their first electric vehicle to the market. Tesla n d Tesla's mission is to accelerate the world's transition to sustainable energy so the car manufacturer. So far most of the Tesla vehicles are produced and assembled in the United States at its main Tesla Factory in Fremont California. To that Tesla operates other multiple production and assembly plants named Gigafactory such as in Fremont California Giga Nevada and in Buffalo New York Giga New York. Recently in 2019 Tesla opened its first Gigafactory outside the American region in Shanghai China Giga Shanghai. A strategic step to internationalize the company and to enter the Chinese market. This strategic action can be explained by the fact that China is the largest car market in the world and the government is speeding up the expansion of electric mobility. Furthermore manufacturing in Shanghai saves Tesla from having to transport its vehicles overseas and avoids import duties incurred in China for cars from the United States. However the company is not just expanding its manufacturing into China.
