**The History of the GPU - New Developments** Jon Peddie, 2023-01-01 This third book in the three part series on the History of the GPU covers the second to sixth eras of the GPU which can be found in anything that has a display or screen. The GPU is now part of supercomputers, PCs, Smartphones and tablets, wearables, game consoles and handhelds, TVs and every type of vehicle including boats and planes. In the early 2000s the number of GPU suppliers consolidated to three, whereas now the number has expanded to almost 20. In 2022 the GPU market was worth over 250 billion, with over 2.2 billion GPUs being sold just in PCs and more than 10 billion in smartphones. Understanding the power and history of these devices is not only a fascinating tale but one that will aid your understanding of some of the developments in consumer electronics, computers, new automobiles and your fitness watch.

**Proceedings of the 8th International Conference on Economic Management and Green Development** Xiaolong Li, Chunhui Yuan, Lukáš Vartiak, 2025-04-03 This book covers a diverse range of topics situated at the intersecting fields of economic management, public administration and green development. Economics has always been a heated research topic and green development is rising and integrating with various fields for interdisciplinary studies. Initiated in 2017, the International Conference on Economic Management and Green Development (ICEMGD) is an annual conference aiming at bringing together researchers from the fields of economics, business management, public administration and green development for the sharing of research methods and theoretical breakthroughs. The 8th ICEMGD was held on September 26, 2024. It cooperates with Comenius University in Bratislava, University of Murcia, Edinburgh Napier University, Beijing Union University and China Agricultural University to hold workshops worldwide. The proceedings consist of papers accepted by ICEMGD 2024, which are carefully selected and reviewed by professional reviewers from corresponding research fields. The editing committee of the conference ICEMGD is working to provide a platform for international participants from fields like macro and microeconomics, international economics, finance, agricultural economics, health economics, business management and marketing strategies, regional development studies, social governance and sustainable development. This proceedings book together with the conference looks forward to sparking inspiration and promoting collaborations. This book is of interest to researchers, academics, professionals and policy makers in the field of economic management, public administration and development studies.
