This book explores the special education process from testing and diagnosis to IEP meetings and advocating for special needs children. Step by step, the authors reveal the stages of identification, assessment, and intervention, and help readers to better understand special needs children's legal rights and how to become an active, effective member of a child's educational team. Grounded in more than twenty-five years of working with parents and educators, the authors provide significant insight into what they have learned about the special education process. A Step-By-Step Guide for Coaching Classroom Teachers in Evidence-Based Interventions Dana D. Marchese, 2017 A Step-By-Step Guide for Coaching Classroom Teachers in Evidence-Based Interventions is a practical guide for school-based professionals. Combining evidence-based practices with the authors' real-life experiences working with classroom teachers, it represents a decade of research. The authors offer step-by-step approaches based on hundreds of case examples to overcoming some of the most difficult challenges faced by coaches and teachers in terms of implementation of evidence-based interventions. This book describes the coaching model and offers strategies for monitoring, enhancing, and troubleshooting teacher implementation. In addition to establishing positive coach-teacher relationships, the authors demonstrate how coaches can incorporate strategies that reflect core principles of behavior change, including modeling, reinforcement, and performance feedback. More than 20 handouts are shared in the appendix of the book. No other text features this distinctive blend of theory, research, and real-life experiences, making it a valuable and unique contribution.
