, Let Me Count the Ways, Volume 2 Carol Oseran Starin, 2003 Over the last three years Carol Starin has written a column for the Torah Aura Bulletin Board These suggestions for teachers and educators are organized by topic and offer thousands of ideas for classroom management holiday celebrations lesson planning and more **Mecha-Jesus and Other Stories** Derwin Mak, 2024-03-08 From distant stars to a Cocoa Beach Hooters Derwin Mak's short fiction takes readers through tales of mystery wonder and horror Ethnic traditions meld with fantastic visions in these twelve stories about memory fabric eldritch gods during the Salem witch trials and of course Mecha Jesus Japan's very own android kami **The Shengold Jewish Encyclopedia** Mordecai Schreiber, Alvin I. Schiff, Leon Klenicki, 2003 This source for everything Jewish provides a quick reference in text and images for everything from the biblical Adam to how many Jews there are in Zanesville Ohio The main emphasis is on Jewish life in the United States and Israel and the rest of the world **New Menorah**, 1993 *Hungry Ghosts* Joe Fisher, 1990 **Jewish Theology Unbound** James Arthur Diamond, 2018 Jewish Theology Unbound challenges the widespread misinterpretation of Judaism as a religion of law as opposed to theology James A Diamond provides close readings of the Bible classical rabbinic texts Jewish philosophers and mystics from the ancient medieval and modern period which communicate a profound Jewish philosophical theology on human nature God and the relationship between the two The study begins with an examination of questioning in the Hebrew Bible demonstrating that what the Bible encourages is independent philosophical inquiry into how to situate oneself in the world ethically spiritually and teleologically It explores such themes as the nature of God through the various names by which God is known in the Jewish intellectual tradition love of others and of God death martyrdom freedom angels the philosophical quest the Holocaust and the state of Israel all in light of the Hebrew Bible and the way it is filtered through the rabbinic philosophical and mystical traditions *The Junior Jewish Encyclopedia* Naomi Ben-Asher, Hayim Leaf, 1961 Alphabetically arranged articles identify names dates and terms significant in Jewish history literature music science and other fields **Business History and International Business** Peter Buckley, 2014-01-02 Business History and International Business are cognate subjects There are few if any studies of international business that do not require a proper study of context International business decision making must be made relevant by a considered evaluation of the circumstances surrounding that decision This often means putting it into its historical context The contributions that the study of international business can make to business history are the input of appropriate theory and appropriate research methods The best international business theory can illuminate the seemingly disparate strategies of firms in given historical circumstances and can provide an integrated overarching conceptual structure of the study of business history The research methods used in international business are also worthy of scrutiny by business historians The proposition of this book is that international business theory and method can complement business history This cross fertilization has been occurring with increasing regularity over the past few decades and this

book brings together some of the fruits of this conjunction of two important intellectual domains This book was published as a special issue of Business History

**Three Revolutions** Simon Hall, 2025-07-01 A salve for our current reactionary times

ANDREW HARTMAN The gripping untold story of how six epic journeys launched the three communist revolutions that changed world history forever From the streets of Petrograd during the heady autumn of 1917 to Mao's stunning victory in October 1949 and Fidel's triumphant arrival in Havana in January 1959 the history of the twentieth century was transformed in dramatic and profound ways by the Russian Chinese and Cuban revolutions In *Three Revolutions* the stories of these epoch defining events are told together for the first time At the heart of each revolution was an epic journey Lenin's 1917 return to Russia from exile in Switzerland Mao's Long March of 1934-35 covering some 6 000 miles across China and Fidel Castro's return to Cuba in 1956 following his exile in Mexico Told in tandem with these are the corresponding journeys of three extraordinary journalists John Reed Edgar Snow and Herbert L Matthews whose electric testimony from the frontlines of each revolution would make a decisive contribution to how these revolutions were understood in the wider world Here in Simon Hall's masterful retelling these six remarkable journeys are brought vividly to life Featuring a stellar cast extraordinary drama and an epic sweep *Three Revolutions* raises fundamental questions about the nature of political power the limits of idealism and the role of the journalist questions that remain of utmost urgency today

**Democracy in Latin America** Thomas C. Wright, 2022-12-13 This book expertly traces the long erratic and incomplete path of Latin America's political and socioeconomic democratization from a group of colonies lacking democratic practice and culture up to the present Using the lens of democracy defined by the charter of the Organization of American States OAS it examines the periods of US gunboat diplomacy in the Caribbean Basin the Cold War the state terrorist dictatorships of the 1970s and 1980s the imposition of neoliberalism in the 1990s and the rise of the Pink Tide in the new millennium The meaning of democracy has changed over time from nineteenth century liberalism in which only a handful of wealthy males voted and individuals were responsible for their economic and social conditions to governments in the late twentieth century that have embraced socioeconomic democracy by assuming responsibility at least formally for citizens welfare Latin America's movement toward democracy has not been linear The book follows the appearance and evolution of both proponents and opponents of democracy over the last two centuries The balance of these forces has shifted periodically often in waves that swept across the entire region Commitment to democracy does not guarantee implementation but despite many setbacks Latin America has made significant progress toward the democratic aspirations set forth in the OAS charter Thorough and accessibly written *Democracy in Latin America* is an essential text for students studying Latin American politics and history
