**HANGMAN My Experiences as an Executioner** H. Snowden Ward, James Berry, 2020-12-06. You have in your hands the memoir of James Berry (1852-1913), the first truly literate hangman and the first to write about his position. Mr. Berry's occupation was not by any means taken up from a love of the ghastly or any pleasure in the work. Even in his business as executioner, his soft-heartedness has shown itself for though it has never caused him to flinch on the scaffold, it has led him to study most carefully the science of his subject and to take great pains to make death painless. A fascinating aspect of the book are Berry's recollections of notable executions and criminals, his discussions of their crimes and analysis of their demeanors at trial and death. Included is a chapter of his opinions on various execution methods used around the world, with his conclusion that the British long drop hanging method was the most humane, and a chapter on hanging from a business point of view. The writings are peppered throughout with his views on the moral and social implications of capital punishment. This book is a sensitive and thoughtful account of what Berry himself admitted was a troubling profession. Notoir Books is a publisher of books on topics of esoteric interests, eccentric memoirs, overlooked history, and distinctive voices.

**My Experiences as an Executioner, by James Berry, Edited by H. Snowden Ward** James Berry, *Modern Literature and the Death Penalty, 1890-1950* Katherine Ebury, 2021-02-10. This book examines how the cultural and ethical power of literature allowed writers and readers to reflect on the practice of capital punishment in the UK, Ireland, and the US between 1890 and 1950. It explores how connections between high and popular culture seem particularly inextricable, where the death penalty is at stake, analysing a range of forms including major works of canonical literature, detective fiction, plays, polemics, criminological and psychoanalytic tracts, and letters and memoirs. The book addresses conceptual understandings of the modern death penalty, including themes such as confession, the gothic, life writing, and the human-animal binary. It also discusses the role of conflict in shaping the representation of capital punishment, including chapters on the Easter Rising, World War I, colonial and quasi-colonial conflict, and on World War II. Ebury's overall approach aims to improve our understanding of the centrality of the death penalty and the role it played in major twentieth-century literary movements and historical events.

**The Executioner's Tale** Ginny Stroud, 2014-09-28. The Executioner's Tale is a vigilante plot with a twist: justice is in the shape of a female pensioner, a reluctant one at that, who is accidentally drawn into the role of executioner. I believe most people have considered murder at one time or other in their lives. Some actually go so far as imagining the act. A very few put their fantasies into action. An

accident made me one of that number This is the fictionalised autobiography of a serial killer or as she would see herself an instrument of justice The first death is accidental when she confronts the husband of her neighbour a notorious wife beater But at this point she realises that her age rather than being a negative is actually a positive No one would look at an older woman with suspicion in fact most people barely notice the elderly at all So begins her new career I m not a monster I am someone who crossed a line and chose not to step back One of the significant factors is her loss of faith but in its place she adopts the utilitarian principle of the greatest good All the victims are to her mind worthy of removal and range from murderous nurses to paedophiles and drug dealers In fact every killing is made to protect or save the vulnerable Our anonymous subject sees that the courts so often do not or cannot provide this justice and believes in the Old Testament ideal of an eye for an eye or at least a punishment to fit the crime The Executioner s Tale is a gripping refreshingly original crime novel whose heroine Ginny dubs a modern Miss Marple who goes beyond detection to judge and executioner

The police investigation uncovered some disturbing details The accused was a small dark haired man who was known to have been violent towards women He had been born and brought up in the Midlands but had moved to the East End of London in the late autumn of 1887 On 21 January 1889 he and his wife travelled by boat to Dundee This meant that he had arrived in London before the start of the Jack the Ripper murders and had left around the same time that they ceased Could this be coincidence people wondered Could it also be a coincidence that the murder in Dundee carried all the hallmarks of a ripper murder In the month before the trial the local newspapers in Dundee began to run sensational stories linking the accused with the notorious Whitechapel murders When the trial opened to a packed courtroom many in the public gallery were wondering if the man standing in the dock was none other than Jack the Ripper himself In this sensational and groundbreaking book Euan Macpherson presents the evidence that the long arm of the law really did catch up with Jack the Ripper in a dingy basement flat in Dundee in the cold winter months of early 1889     The Publishers' Trade List Annual
