My Way Sherry Lee Hoppe, 2013-12-15 If American Idol had been around in 1953 during mid to late summer and had stopped in Memphis to spot Tennessee talent young Elvis Presley might have tried his luck on the Idol stage More than five decades later one wonders how Idol judges would have critiqued Elvis the Pelvis Would they have praised or derided how he took others music and restyled it with his own brand of intensity and delivery Would they have condemned his quavering vibrato and disparaged his natural falsetto range or would they have given him a standing ovation And what would they have made of his flashy clothes and weird wiggles In the end all of these elements and others including a fascination with black music and an accidental progression into the rockabilly style that melded rhythm blues and country blurring genre lines came together to create Elvis idiosyncratic style My Way traces the evolution of this legendary style that holds the key to his prolonged popularity and identifies a wide range of influences contributing to his persona *Elvis Culture* Erika Doss, 1999 Doss fine arts and American studies U of Colorado Boulder examines the image of Elvis from a number of perspectives including as a religious icon honored in household shrines as a sexual fantasy for women and men as an inspiration for impersonators as a not altogether positive emblem of whiteness for many blacks and as a commodity to be protected by Elvis Presley Enterprises Bandw illustrations Annotation copyrighted by Book News Inc Portland OR **The Rockin' '50s** Brock Helander, 1998 Presents discographies and biographical information on rock musicians who were popular during the 1950s including Elvis Presley Jerry Lee Lewis Bo Diddley and The Platters Rock N Roll Gold Rush Maury Dean, 2003 This monster Rock n Roll survey focuses on the songs and the vibrant personalities who create them for college audiences and the general public Dean published the world s first history of Rock in 1966 Here in his ebullient style he buzzes through piles of musical singles from the whole last half century describing what is fun about each major and minor hit pointing out what elements were exciting or new or significant in the development of musical styles He relates some tantalizing tidbits about the earlier musical heritage that artists have drawn upon in crafting ever more amazing evolutions of rock music This snappy witty and informative album has universal appeal doubling as a coffee table trivia treasure and a college level popular music history text It includes hundreds of photos chapter questions and an extensive index Reader friendly and informationally complete it covers soft rock heavy metal rhythm blues country rock and classic oldies all with tender loving care for the specialist and casual listener alike Its mini portraits of the artists who move so many hearts and feet the photos and the insightful sound bites get to the essence of each song and each musician s contribution to the music of our age The single song focus makes the book unique It s a playlist for R n R professors and the general public written with a collegiate vocabulary tight organization and a respect for all Hearing Elvis for the first time was like busting out of jail Bob Dylan That being said no one is being incited here to bust out of jail or to emulate the quixotic habits of rock stars There s nothing in here to hide from the kids the clergy or grandma Gold Rush can be used as a university or community college text but most

people will grab it for the sheer pleasure of reading about everyone's favorites Great gift for Rock enthusiasts Gold Rush is the first book of its kind to feature a celebration of the great single songs of the rock era and beyond Gold Rush takes thousands of songs spanning three centuries and brings them back uniquely as if they came out just yesterday Gold Rush unites the Anglo American and later worldwide spirit of Rock and Roll in a tapestry of interconnected melodies and adventures As Leonard Maltin's Movie Guide helps you select videos at Blockbuster so Gold Rush is a powerful playlist for your music collection with many new and fascinating photos of favorite stars Gold Rush explains the most important stories behind the songs you picked to be played the songs that went gold from the 1897 Alaska Klondike Gold Rush to the 1 songs of today and beyond
