1 What They Found One sunny afternoon Lily chose to check out the strange and dirty attic of her grandmother s old house The attic was a great place because it was full of secrets and valuable things that were just ready to be found A warm golden light filled the room as she climbed the creaky wooden steps A ray of sunlight came in through the small window It looked like I had stepped into a mystery and the memory was mine Lily s eyes lit up with excitement as she thought about the stories and experiences that were waiting outside these walls Lily became more interested as she looked around at the old books photos and other things that reminded her of the past Then she saw an old looking box that was half hidden in the corner of the room by a dirty worn out cloth Its dark wood frame has elaborate carvings that look like they show historical events It looked like the chest had been closed for years and there were secrets inside waiting to be found Lily s heart was racing as she got closer to it making her hands shake a little With a light tug she took off the cloth which sent a puff of dust flying Lily coughed lightly and felt her chest She was desperate to find out what was inside even though it was locked She saw a small perfectly shaped keyhole that looked like it was looking for its lost key And the key was right next to the chest like God put it there It was almost hidden by dust on an old wooden table This wasn t just any key It stood out had an odd shape and was covered in marks that Lily couldn t figure out Instead of letters and numbers there were strange spinning designs that changed and moved around as she looked at them It felt like the key was made of the night sky because it was cold and heavy in her hand Its metal had a unique shine that wasn t like gold or silver It was like something else Lily was both scared and excited as she turned the box over and put the key in the lock The lock had clicked open as if it had been waiting for her the whole time which caught her off guard When she opened the shaky box lid she found something even more valuable than money or jewelry a doorway to adventures beyond her wildest dreams Lily s strange trip began when she found a strange key in the closet of her grandmother The key would open the door to amazing new adventures tough challenges and lessons in life Chapter 2 The Main Door Lily had never been more interested and thrilled than she was when she held the strange key When she left her grandmother s house on a warm day her mind was full of all the things that could happen She walked quickly through the town eager to find anything that the key could open The locals went about their daily lives without knowing about the exciting trip that was about to begin Lily was walking down one of Hamlet s well known streets when she saw an old door covered in ivy in a quiet area that she didn t usually go to This door was different from the others because the wood was worn and old as if it were telling stories from hundreds of years ago As they sat between two big trees the branches of one of the doors that many people had forgotten about cast shadows on the ground Lily had been this way many times before but now that she had the key in her pocket the door seemed to be calling to her As Lily got closer to the door she had a strange feeling that was a mix of fear and wonder At that moment she saw the key start to shine with a soft ghostly light As she got closer the glow got brighter casting a strange light along her path that seemed to flicker and dance like the light from faraway stars While holding the key in front of her Lily was filled with joy and loved how beautiful it was She took

a deep breath and put the beautiful key into the handle of the old door It felt like it was meant to happen at this exact moment She turned the key slowly and heard the lock click open The door creaked open and a stunning scene came into view Before Lily there was a world beyond her wildest dreams a huge green forest full of colorful creatures The tall beautiful trees let the wind bring their mysterious whispers There were flowers of every color on the floor and their sweet smell filled the room Lily was truly amazed by the creatures though These animals could talk which was different from the animals she was used to One of the deer bowed its head to say hello and squirrels and birds chirped happily above When Lily walked into the room she was shocked and happy It was a magical land where the impossible became possible It was a beautiful airy place The key didn t just open an old door it took her on a trip into a world where animals and trees talked
