

# SOLVE THE MYSTERY

Read the mystery given and solve it.

In the cozy classroom of Maple Elementary School, Mrs. Smith's fourth-grade students gather for their end-of-year party. The room is decorated with colorful streamers and balloons, and the air is filled with excitement as the children share laughter and stories.

As the party reaches its peak, Mrs. Smith unveils a tray of freshly baked chocolate chip cookies, lovingly prepared for the occasion. The tantalizing aroma fills the room, and the children eagerly line up to grab a cookie. However, when the last student reaches the tray, they make a shocking discovery: the remaining cookies have vanished without a trace!

Confusion and disappointment sweep through the classroom as the children search high and low for the missing cookies. Suspicions rise among the classmates, each wondering who could have taken more than their share of delicious treats. Tommy is known for his love of sweets and mischievous behavior, but he is the one who didn't get a cookie! While Sarah often sneaks extra snacks during lunchtime, she had been outside, looking for her dog. Alex had recently bragged about his baking skills in a desire to impress his classmates, but he was reading his book quietly in a corner.
