Mystic Christianity Or, the Inner Teachings of the Master Yogi Ramacharaka,2006-10-01 Followers of the New Thought movement of the early 20th century sought to find God through explorations of the metaphysical Here one of the most influential thinkers of this early New Age philosophy takes a fresh look at the life and teachings of Jesus Christ through a New Thought lens In this series of lessons originally published as a series of monthly missives in 1907 and 1908 we discover the previously hidden esoteric meanings behind much of the story of Jesus from the foretelling of his birth to the strange mysteries of his healing of the sick to the occult ceremony of the Last Supper This is an eye opening reinterpretation of a familiar story American writer WILLIAM WALKER ATKINSON 1862 1932 was editor of the popular magazine New Thought from 1901 to 1905 and editor of the journal Advanced Thought from 1916 to 1919 He authored dozens of New Thought books under numerous pseudonyms including Yogi Ramacharaka and Theron Q Dumont ALSO FROM COSIMO Atkinson s Memory How to Develop Train and Use It Advanced Course in Yogi Philosophy and Oriental Occultism The Art and Science of Personal Magnetism The Secret of Mental Fascination The Science of Psychic Healing Thought Vibration or the Law of Attraction in the Thought World and others *Mystic Christianity* William W Atkinson,2023-03-20 Most Christians think of words like meditation and mysticism as words related merely to Eastern Religions and philosophies However as this volume asserts concepts such as mysticism was and is a vital part of Christian spirituality The author William W Atkinson also examines the concept of reincarnation in the origins of Christianity and by doing so offers us an interesting new look at Christianity in the context of its universality and its relation with those of Eastern religions *Mystic Christianity* William Walker Atkinson,2018-05-31 Mystic Christianity; Or, the Inner Teachings of the Master Atkinson William Walker,2016-06-21 Unlike some other reproductions of classic texts 1 We have not used OCR Optical Character Recognition as this leads to bad quality books with introduced typos 2 In books where there are images such as portraits maps sketches etc We have endeavoured to keep the quality of these images so they represent accurately the original artefact Although occasionally there may be certain imperfections with these old texts we feel they deserve to be made available for future generations to enjoy **Mystic Christianity; Or, The Inner Teachings of the Master** William Walker Atkinson,2019-11-25 In *Mystic Christianity Or The Inner Teachings of the Master* William Walker Atkinson ventures into the profound spiritual insights of Christianity reframing traditional dogma through an esoteric lens Employing a straightforward yet contemplative literary style Atkinson elaborates on the mystical dimensions of Christian teachings focusing on personal transformation and the inner experiences that lead to spiritual awakening This work is positioned within the broader context

of the New Thought movement reflecting an era that sought to reconcile religion with emerging psychological and metaphysical ideas thereby inviting readers to explore deeper truths beyond conventional scriptural interpretations William Walker Atkinson was a prolific writer and a pivotal figure in the New Thought movement known for his exploration of metaphysics self help and spiritual philosophy His background in law coupled with deep interests in philosophy and mysticism uniquely equipped him to challenge the orthodox perspectives of his time Atkinson s journey through various spiritual practices including yoga and Eastern philosophies profoundly influenced his writings and propelled him to delve into the mystical essence of Christianity offering alternative viewpoints to Western religious thought I highly recommend **Mystic Christianity** to those who seek a richer understanding of Christ s teachings beyond the dogmatic boundaries of organized religion Atkinson s insights encourage readers to embark on a personal quest for spiritual authenticity making this book an essential read for anyone interested in the intersections of faith mysticism and personal growth

Mystic Christianity the Inner Teachings of the Master Yogi Ramacharaka, Summit Classic Press, G. Edward Bandy, 2014-07-03 For over 100 years western students have been aided by the teachings of Yogi Ramacharaka Generations of students have found the study of the Ramacharaka texts and the practice of his teachings to be a valuable step in the attainment of wisdom awareness and improved health of mind body and spirit This collector quality edition includes the complete text of this enduring classic in a freshly edited and newly typeset edition With a generous 6x9 page size this Summit Classic edition is printed on heavyweight bright white paper with a fully laminated cover featuring an original full color design Also included is an original detailed biographical sketch discussing the life and work of the secretive author **Mystic Christianity** is a comprehensive study of the influence and impact of the beliefs concepts principles and philosophy of ancient Judaic and eastern mysticism and the Kabbalah on the religion of Christianity Presented in a straightforward manner in plain language the text guides the reader through a study of the ancient mystic and occult doctrines which form the basis of much of the Christian Doctrine as presented in the New Testament of the Christian Bible Drawing on both ancient and more modern sources the text sheds light on many of the most confusing mysterious and paradoxical episodes in the life teaching and philosophy of Jesus Christ revealing Him not as the creator of an entirely new belief system but as the master and teacher of an ancient system of knowledge and beliefs comprising the Inner Teachings previously known only to a handful of initiates Whether as an introduction for beginners or a self study guide for more advanced readers the systematic straightforward style of the work makes the often abstract and mysterious concepts accessible to all readers as it explores the role of ancient wisdom and knowledge in the teachings of Jesus and the later entry through various means of concepts which distorted and confused the original message of the Master a message of the oneness of the universe and the place of

man collectively and individually in that universe a universe where there are universal laws at work and universal truths at the heart of existence Like much of the author s work the text teaches that the discovery and understanding of these universal laws and truths can be applied to improve the life of the individual and that humankind s growth and development is an ongoing process which should be directed at the discovery and application of these principles But the message is also directed to each individual for each individual is capable of understanding some part of the universal truth and the application of that part which is within the grasp of the individual will further the mental and spiritual growth and development of that individual This book is most emphatically NOT an overt rejection of Jesus or his teachings or the central message of Christianity But it strips away layers of misleading information added to that message in the ensuing years by often well meaning disciples and believers who confused and obscured the real teachings of Jesus teachings grounded in an ancient and mysterious wisdom

Mystic Christianity Yogi Ramacharaka,2018-04-26 The lessons which compose this volume originally appeared in monthly form the first of which was issued in October 1907 and the twelfth in September 1908 These lessons met with a hearty and generous response from the public and the present volume is issued in response to the demand for the lessons in a permanent and durable form There has been no change in the text The publishers take the liberty to call the attention of the readers to the great amount of information condensed within the space of each lesson Students have told us that they have found it necessary to read and study each lesson carefully in order to absorb the varied information contained within its pages They have also stated that they have found it advisable to re read the lessons several times allowing an interval between the readings and that at each reading they would discover information that had escaped them during the course of the previous study This has been repeated to us so often that we feel justified in mentioning it that others may avail themselves of the same plan of study Following his usual custom the writer of this volume has declined to write a preface for this book claiming that the lessons will speak for themselves and that those for whom they are intended will receive the message contained within them without any prefatory talk
