African Women's Theologies, Spirituality, and Healing Oduyoye, Mercy Amba, 2019 African women come from a long tradition as practitioners of healing Drawing on this tradition and on her own pastoral and theological work Mercy Amba Oduyoye a distinguished Methodist theologian from Ghana discusses the spirituality that undergirds Christian healing practices in Africa with a special focus on diseases that predominantly affect women William Blake's Mysticism Jodie Marley, 2026-01-01 This book examines William Blake as a mystic and the movements and authors that contributed to this definition during and after his lifetime with a particular focus on his influence on late nineteenth and early twentieth century Celtic Modernist writers The author W B Yeats was one of the first to present this view of Blake in depth although his concept of the mystic prioritised the lone male practitioner and the occult This study argues that the mystic and the esoteric in a community context impacted both Blake s and Yeats critical and cultural reception It also offers the first extended literary examination of the Romantic prophet Dorothy Gott s work alongside Blake s and the first analysis of Blake s influence on Celtic Modernist writers George Russell and Fiona Macleod This book will be of interest to scholars interested in representations of gender and spirituality in Romantic and Modernist literature and art and in authors so far neglected in Blake studies Mystics Quarterly , 2001 *The Logic of Intersubjectivity* Darren M. Slade, 2020-08-27 To survey harsh criticisms against Brian Douglas McLaren 1956 readers gain the inaccurate impression that he is a heretical relativist who denies objective truth and logic While McLaren s inflammatory and provocative writing style is partly to blame this study also suspects that his critics base much of their analyses on only small portions of his overall corpus The result becomes a caricature of McLaren s actual philosophy of religion What is argued in this book is that McLaren s philosophy of religion suggests a faith based intersubjective relationship with the divine ought to result in an existential appropriation of Christ s religio ethical teachings When subjectively internalized this appropriation will lead to the assimilation of Jesus kingdom priorities thereby transforming the believer s identity into one that actualizes Jesus kingdom ideals The hope of this book is that by tracing McLaren s philosophy of Christian religion future researchers will not only be able to comprehend and perhaps empathize with McLaren s line of reasoning but they will also possess a more nuanced discernment of where they agree and disagree with his overall rationale **The Hebrew Prophets** Lawrence Boadt, 1999-06-16 The prophets of the Ancient world were mystics whose words have transcended the ages In this collection Biblical scholars look at passages from the writings of the period from Isaiah s portrayal of the suffering Messiah to Daniel s dream of the Ancient of Days
