The Writers Directory, 2013 Noah's Arkive Jeffrey J. Cohen, Julian Yates, 2023-06-13 A timely rethinking of the archetypal story of Noah the great flood and who was left behind as the waters rose Most people know the story of Noah from a children's bible or a play set with a colorful ship bearded Noah pairs of animals and an uncomplicated vision of survival Noah's ark however will forever be haunted by what it leaves to the rising waters so that the world can begin again In Noah's Arkive Jeffrey J Cohen and Julian Yates examine the long history of imagining endurance against climate catastrophe as well as alternative ways of creating refuge They trace how the elements of the flood narrative were elaborated in medieval and early modern art text and music and now shape writing and thinking during the current age of anthropogenic climate change Arguing that the biblical ark may well be the worst possible exemplar of human behavior the chapters draw on a range of sources from the Epic of Gilgamesh and Ovid's tale of Deucalion and Pyrrha to speculative fiction climate fiction and stories and art dwelling with environmental catastrophe Noah's Arkive uncovers the startling afterlife of the Genesis narrative written from the perspective of Noah's wife and family the animals on the ark and those excluded and so left behind to die This book of recovered stories speaks eloquently to the ethical and political burdens of living through the Anthropocene Following a climate change narrative across the millennia Noah's Arkive surveys the long

history of dwelling with the consequences of choosing only a few to survive in order to start the world over It is an intriguing meditation on how the story of the ark can frame how we think about environmental catastrophe and refuge conservation and exclusion offering hope for a better future by heeding what we know from the past **Stories of Heaven and Earth** Diane Goetz Person, 2005-03-30 Throughout emphasis is placed on the power of these stories as a source of literature rich in universal themes ethical dilemmas decision making rites of passage and emotional growth Some of the best known authors of children s literature are covered Drawing on connections to familiar fairy tales folklore and mythology especially through the work of Joseph Campbell and Bruno Bettelheim Hara and Diane Person show how Bible stories offer children important models of the journey from childhood to adulthood from dependence to independence We see how these timeless stories retold allow children to imagine the possibility of becoming the heroes of their own lives BOOK JACKET **The Global**
