For Standardized Tests : Math Grade 4** June Heller,Carol Turkington,2001-08-22 One of the areas of study students find most difficult to master and are most fearful of is math Yet the core math skills acquired in the first four years of school form the basis of all future academic success Get Ready for Standardized Tests the first and only grade specific test prep series now features hands on guidance on helping kids master the all important basic math skills while arming parents with the tools they need to help their children succeed      *Resources in Education* ,1989-06

**Breaking the Code** J. Richard Gentry,2006 If only we could understand that seemingly inexplicable moment when children suddenly get reading Then our instruction could be directed toward creating those specific circumstances which help every student recognize the pattern of meaning behind the marks on a page Now thanks to Richard Gentry s Breaking the Code we can In his most important book to date Gentry combines cutting edge brain based research with sound classroom knowledge to explore early literacy development Starting with the crucial interrelationship of reading and writing he looks inside and out at the minds of emerging readers to find out how they construct the idea and process of reading Then he presents a blueprint for instruction and early intervention that combines his new findings with best practice teaching His comprehensive instructional model focuses on building the specific skills capacities and experiences kids need by teaching them to write as they learn to read Gentry gives you everything you need to implement successful beginning reading strategies as well as a variety of effective tips for supporting readers and writers throughout the primary grades Writing with the same clarity and teacher friendly approach as in his best selling The Science of Spelling Richard Gentry will show you how scientific thinking and student centered teaching can work together to create powerful literacy instructional practices Let Breaking the Code open a window for you into the minds of young readers so that you can open a window for them into a world of literate possibilities      12 Going on 29 Silvana Clark,Sondra Clark,2007-08-30 Motivational speaker mom Silvana Clark in concert with her now teenaged daughter Sondra confirms in this book the confusion and possible unpleasantness tween girls and their moms around the world face in these sometimes trying years Through surveys and interviews with some 100 mother daughter pairs the Clarks show us what preteen girls are thinking and wanting how mothers can successfully help their daughters navigate these years to avoid the potential minefields and how they can successfully guide their daughters while keeping a respectful and loving relationship intact The tween years ages about 9 to 12 are a time when girls seem to grow astonishingly quickly toward establishing their independence and adult identity It is a time of testing new feelings thoughts and behaviors and can be a time of testing mom s patience persistence and energy From cell phones to body piercings and hair dye seductive clothes and strange boyfriends girls want to test the waters and experience what the world has to offer Motivational speaker mom Silvana Clark in concert with her now teenaged daughter Sondra confirms in

this book the confusion and possible unpleasantness tween girls and their moms around the world face in these sometimes trying years Through surveys and interviews with some 100 mother daughter pairs the Clarks show us what preteen girls are thinking and wanting how mothers can successfully help their daughters navigate these years to avoid the potential minefields and how they can successfully guide their daughters while keeping a respectful and loving relationship intact What s a mother to do during these tough years The good part is that although they likely wouldn t admit it mothers remain the number one role model for girls at this age Setting and keeping rules and boundaries with a tween can be challenging though Sondra now a spokeschild for charities working with children in developing countries shares insights into the way that pre teen girls think today And her mother shares her own successful approaches and those of dozens of other mothers with tween girls Topics addressed include emotional and physical development of tween girls dating drinking clothes friends music money and more Step by step scripts for handling mother daughter conflicts are provided along with tips for communicating with tweens
