Meme Wars Kalle Lasn, Adbusters, 2013-01-15 From the editor and magazine that started and named the Occupy Wall Street movement Meme Wars The Creative Destruction of Neoclassical Economics is an articulation of what could be the next steps in rethinking and remaking our world that challenges and debunks many of the assumptions of neoclassical economics and brings to light a more ecological model Meme Wars aims to accelerate the shift into this new paradigm that takes into account psychonomics bionomics and other aspects of our physical and mental environment that are often left out in discussions of economics Like Adbusters the book will be image heavy and full color throughout Lasn calls it a textbook for the future that provides the building blocks in texts and visuals for a new way of looking at and changing our world Through an examination of alternative economies Lasn hopes to spur students to become barefoot economists and to see that a humanization of economics is possible Meme Wars will include contributions from Nobel Prize winner Joseph Stiglitz Paul Samuelson George Akerlof Lourdes Bener a Julie Matthaei Manfred Max Neef David Orrell Paul Gilding Mathis Wackernagel and the father of ecological economics Herman Daly among others Based on ideas that were presented in a special issue of Adbusters entitled Thought Control in Economics Beyond the Growth Paradigm An Activist Toolkit Meme Wars will help move forward the Occupy Wall Street movement

The Monetary House of Cards Henrik Zeberg, 2025-10-31 For more than a decade central banks have engineered the greatest financial bubble in history By driving interest rates to the floor and unleashing unprecedented liquidity they built an Everything Bubble spanning stocks housing bonds and crypto an edifice of excess now standing on shaky ground In this book Henrik Zeberg introduces his Zeberg Business Cycle Model a real time framework that cuts through the noise of conventional forecasting The model shows that we are standing at a historic peak in both markets and the global economy just before the cycle turns down Through vivid historical parallels from Tulip Mania to the Dot Com boom combined with hard data and cycle analysis Zeberg demonstrates why the current euphoria is destined to end the same way in collapse The Monetary House of Cards is both a warning and a guide a roadmap for understanding how the bubble was built why it will burst and how investors and citizens can prepare for the turmoil ahead

Symbol Guide, 1994 **Design and the Creation of Value** John Heskett, 2017-02-09 John Heskett was a leading design historian with a particular interest in design and economics This book publishes for the first time his writings on design and economic value and design's role in creating value in organisations and products The first part of Heskett's text introduces the main traditions of economic thought as they explain the relationship between producers markets products and consumers he then goes on to consider the importance of design and design thinking in innovating and creating value in business practice and product development Heskett refers to examples of businesses such as Dyson and Apple that have

successfully responded to the value of design in their practice and others such as the Ford Motor Company that were faced with the threat of bankruptcy because they failed to encourage innovation and creativity or to respond adequately to the challenges and opportunities presented by new technology Heskett's text is accompanied by critical and contextualising overviews by leading design scholars which place Heskett's writings within the framework of contemporary design and business thought and practice
