## **My Days Rk Narayan:**

**My Days** R K Narayan, 2012-08-24 My Days is the only memoir from R K Narayan one of the twentieth century's most important writers in the English language. This edition includes a foreword by John Updike. In the wryly funny style that has made him famous R K Narayan shares his life story beginning in his grandmother's garden in Madras with a ferocious pet peacock. As a young boy with no interest in school he trains grasshoppers and scouts and then against the advice of all especially his commanding headmaster father the dreaming Narayan begins to write fiction. When one of his pieces is accepted by Punch magazine what he describes as his first prestige publication his life becomes gradually filled with bumbling British diplomats strange movie moguls evasive Indian officials and the blind urge to fall in love. Like his fiction R K Narayan's memoirs are acutely perceptive of the human condition often brilliantly funny and always forgiving. **A**

Walker,2012-03-12 In this book Steven F Walker considers the midlife transition from a Jungian and Eriksonian perspective by providing vivid and powerful literary and cinematic examples that illustrate the psychological theories in a clear and entertaining way For C G Jung midlife is a time for personal transformation when the values of youth are replaced by a different set of values and when the need to succeed in the world gives place to the desire to participate more in the culture of one s age and to further its development in all kinds of different ways Erik Erikson saw generativity an expanded concern for others beyond one s immediate circle of family and friends as

the hallmark of this stage of life Both psychologists saw it as a time for growth and renewal Literary texts such Virginia Woolf's Mrs Dalloway Shakespeare's Antony and Cleopatra or Sophocles Oedipus the King and films such as Fellini's 8 1 2 and Campion's The Piano have the capacity to represent sometimes more vividly and with greater dramatic concentration than actual life histories or case studies the archetypal nature of the drama and in depth transformation associated with the midlife transition Midlife Transformation in Literature and Film focuses on the specific male and female archetypal paradigms and presents them within the general context of midlife transformation For men the theme of death of the young hero presides over the crisis and the transformative ordeal whereas for women the theme of tragic abandonment acts as the prelude to further growth and independence This book is essential reading for anyone studying Jung Erikson or the midlife transition It will interest those who have already been through a midlife transition those who are in the midst of one as well as those who are yet to experience this challenging period
