*My Struggle* Vladimir Zhirinovskii, 1996 Vladimir Zhirinovsky promises to reunify the Soviet Union by 1999 He threatens to redraw the boundaries of Europe and Asia eliminating Austria the Baltic States Bosnia the Czech Republic and Pakistan He also calls for the reclamation of Finland and Alaska And he would be the absolute leader Rethinking Ethnicity Eric P. Kaufmann, 2004 The impact of liberal globalization and multiculturalism means that nations are under pressure to transform their national identities from an ethnic to a civic mode This has led in many cases to dominant ethnic decline but also to its peripheral revival in the form of far right politics At the same time the growth of mass democracy and the decline of post colonial and Cold War state unity in the developing world has opened the floodgates for assertions of ethnic dominance This book investigates both tendencies and argues forcefully for the importance of dominant ethnicity in the contemporary world

*From German Königsberg to Soviet Kaliningrad* Jamie Freeman, 2020-11-10 This book explores how the Soviet Union after capturing and annexing the German East Prussian city of Königsberg in 1945 and renaming it Kaliningrad worked to transform the city into a model of Soviet modernity It examines how the Soviets expelled all the remaining German people repopulated the city and region with settlers from elsewhere in the Soviet Union destroyed the key remaining German buildings and began building a model Soviet city a physical manifestation of the societal transformation brought about by communism However the book goes on to show that over time many of the model Soviet buildings were uncompleted and that the citizens aware of their Polish and Lithuanian neighbours to both the east and the west and appreciating their place in the wider Baltic region came to view themselves as something different from other Soviet and Russian citizens The book concludes by assessing present developments as the people of Kaliningrad are increasingly rediscovering the city's pre Soviet past and forging a new identity for themselves on their own terms **Russian Politics and Law**, 2008 **Turkish Review of Eurasian Studies**, 2004
