The Winner's Guide to Drafting a Fantasy Football Team Chris Lee, 2009-08-06 Fantasy football has become one of my favorite pastimes of tens of millions of American males and there are literally hundreds of websites, books, magazines and television shows designed to tell you everything you need to know about the subject. Almost everything that is. Anyone who has ever tried to find a definitive way to rank players for their fantasy draft or worse find dollar values for auction style leagues knows the difficulty of finding a system that works for their leagues. Because leagues vary according to size, rules and scoring systems a player who may be a valuable commodity in one league may be below average in another.
