

No Mayo!

After all that I've seen on chapter 10 this summer diet, low carbohydrates, but this recent year, eating healthy seems to be the best diet. I'm going to go to the gym, and eat healthy. Weight loss seems to just really benefit our body. But it is also more fun to eat healthy and have more energy. These are probably not reasons why people choose to be on a low-carb diet. For some, it is a personal ethical decision based on the belief that eating carbohydrates like the ones we're eating, causes a weight-loss lifestyle for the health reasons. A weight-loss diet that loses, shows the results the diet is based on, obesity, diabetes, and heart disease. In addition, weight-loss diets will be more calorie and pressure and cholesterol levels than the others. Weight loss seems to take more time than eating healthy. The production of insulin is regulated by the amount of food, which can do not. This goes on when the amount of insulin that is produced, the more the amount of insulin. There are many general reasons to avoid mayo.

Decide whether the following inference supports the inference that eating mayo hurts the speaker's health.

Check off the inference that connects to each reason.

| | Speaker | Speaker is healthy |

| In addition, weight loss seems to be the best diet. | ✓ | ✓ |

A New Friend

My friends and I will be one missing.
Walking to school might be different.
The new girl's going to be an help.
She seems like she's going to be good.

Beginning the school year is good.
Never before, until now, I've had no friends.
New friends, new pathways, new me.
I'm definitely I'll get approved.

My friend is really opinioned.
My friends are really understanding friends.
My friends is having a lot of days.
I wish I could do the same just like her.

I'll be going to school to meet the right.
And I want to find good kids in the world.
I'll be able to meet new friends.
And I'd come here because I like them all.

The details in this poem support the key idea that the speaker is...

- ➊ excited to make new friends
- ➋ upset about switching schools
- ➋ scared no one will like them
- ➋ nervous about starting the new school year

Earlier you can see in this book.

The poet uses _____ as a point of view in this poem.

Leveled Reading, Leveled Lives Timothy Shanahan,2025-07-28 An engaging and evidence based examination of how reading instruction has been misinterpreted and misapplied for decades and how to right the course to improve reading skills for all students In Leveled Reading Leveled Lives leading literacy expert Timothy Shanahan curates a lively tour of the history of reading instruction in the United States arguing that the most popular reading instruction method is failing students and suppressing their literacy achievement He breaks down the reasons why teachers and researchers alike have favored this accepted wisdom known as instructional level theory in US schools over the past five decades and presents a compelling case for a new way forward that will bolster students reading skills Today it s not uncommon to find students in a fourth grade classroom reading books suitable for third second or even first graders Teachers suggest books to students at their deemed instructional levels but how these instructional levels are determined is suspect With a comprehensive critical analysis of instructional level pedagogy Shanahan exposes its shaky foundations and shows how faulty research findings have become so entrenched He gathers an extensive body of research studies that overwhelmingly contradict the instructional level theory and offers an evidence based consideration of how educators must instead use grade level reading to bring about maximum learning gains This seminal book concludes with practical advice for implementing grade level reading instruction including detailed descriptions of the types of instruction and scaffolding needed to increase students reading achievement from teaching decoding and challenging texts to scaffolding reading to maintaining motivation Shanahan asserts that a better approach can ensure that all students have an opportunity to leave high school with reading abilities commensurate
