the book *Cell Phones The Silent Killer or Just a Hoax* This book offers the readers an overview of the technological world of
cell phones and the effects of its usage on both the adults as well as children in order to improve the perceptions and
precautions of mobile phone usage Given that mobile devices are being used in everyday life it is necessary to understand
some of the dangers that might be associated with their use Most of you have probably heard about the carcinogenic
properties of cell phones which contribute to the growth of tumors and other types of cancer and this book comprehensively
covers both topics in length so that the reader is well informed to make better choices with regard to mobile devices Most of
you have probably been using cell phones from a very young age humans normally pick up after habits and trends that are
new and resourceful Perhaps some of you have undergone medical challenges which you think have been caused by cell
phone usage This is one of the reasons why this book has been written so that those individuals who lack the right knowledge
understand the difference between what information is factual and what is not true Every person deserves to attain wellness
and that should be in every area of their life including their social lives Cell phones play a key role in the World of social
sphere giving its users the ability to relate to friends and family and most importantly connect with other people in their
World Basically it helps people to establish and maintain relationships with co workers friends and family members There is
however the difficult question as to whether it is safe to use it constantly It is because of such arguments that we end up
developing opinions on cell phone devices This is a situation that cannot be addressed vaguely as it may actually end up
affecting our health in the future especially when we have to deal with difficult medical conditions
