Structured AI prompts take your Generative Artificial Intelligence prompting to a new level. Informal AI prompts are handy, but they lack precision, repeatability, and testability—all things required in professional environments. With structured prompts, however, you'll gain the ability to create Generative Artificial Intelligence content that is Right the first time, Repeatable, Tested. Additionally, these prompts can be stored in an asset library for later reuse. We'll create structured prompts that produce models for three characters: Judy, Sam, and Taylor, each with unique personalities and physical features. Next, you'll learn how to make Judy, Sam, and Taylor interact with each other and their environment, staying true to their distinct emotional traits and physical appearance. These models, along with the office they work in, will be used in stories, images, audio, songs, and even Human Resources evaluations. Is this difficult? No. We'll go slowly and ask the ChatBot to help us. Let's get started. All the tools you'll need are free, so there's no reason not to dive in. **Writing AI Prompts For Dummies**
