Guns and College Homicide Stephen K. Boss, 2019-01-28 At a time when mass shootings in schools and other public spaces have become commonplace it might seem surprising that American college campuses are not magnets for murderers but sanctuaries from them. Because of remarkably effective gun safe policies deaths by firearms on college campuses are 1 000 times less frequent than in the U S public at large. Drawing on crime data submitted in compliance with the Clery Act and public reports of those crimes this study inventories every documented homicide at a U S college or university between 2001 and 2016 making a compelling argument for using gun safe campuses as guides for broader public safety.

Administration of Intercollegiate Athletics Robert Zullo, Erianne Weight, 2024-02-27 Some of the most experienced professionals in athletics administration share their expertise in what it takes to navigate an increasingly complex sports landscape and successfully manage a collegiate athletics department.

Economics Of Intercollegiate Sports, The (Second Edition) John C Leadley, Randy R Grant, Zenon X Zygmont, 2014-10-21 Why do universities place so much emphasis on athletics? Are the salaries of head coaches excessive? Should student athletes be paid? Why is there so much cheating in college sports? Should athletic departments be subsidized by the university? Does Title IX unfairly discriminate against men's sports?

This textbook is designed to help teach students about the business of college sports particularly the big money sports of football and basketball allowing them to answer these and other important questions. The book provides undergraduate students with the information and economic tools to analyze the behavior of the NCAA athletic conferences and individual colleges and universities in the market for college sports. Specific topics include the markets for athletes and coaches the importance of athletics for colleges and universities the finances of athletic departments the influence of the media in commercializing college sports issues of race and gender and the possibilities for reforming college sports.
