How To Cyber Monday 2025:

Cyber Deterrence and State Response in the Age of Technology Ana Maria Costea, 2026-01-01 At a time when technological advances are creating new threats to national and international security traditional views of security war and deterrence are becoming obsolete This book examines the different cyber security strategies being developed by states It reveals significant differences between conventional adversaries such as Russia China and the West but also between allies such as NATO and EU members Despite the EU's efforts no binding international rules have been established and the Tallinn Manual remains a Western centric interpretation of the laws of cyber warfare At the same time critical infrastructure is often in private hands and the low cost of cyber attacks enables individuals to pose significant threats This book discusses effective state strategies for protecting and projecting influence in cyberspace By analysing national and international strategies notable cyber attacks and ethical concerns it also offers policy recommendations for improving cyber deterrence in a rapidly evolving landscape The book will appeal to students scholars and researchers in international relations law security studies cybersecurity and political science as well as policymakers and practitioners interested in a better understanding of cyber deterrence and cybersecurity

The Palgrave Handbook on Cyber Diplomacy George Christou, Wilhelm Vosse, Joe Burton, Joachim A. Koops, 2025-09-30 This Handbook offers a state of the art overview and comprehensive analysis of the emerging field of cyber diplomacy During the last twenty years a complex cyber ecosystem has been emerging that is increasingly challenged at various levels in different domains and by a variety of actors Core issues range from cyber disinformation warfare and frequent cyberattacks on critical infrastructure to sophisticated cybercriminals penetrating systems for income or simply securing rights online Such challenges are not only of a strictly technical nature but have also important social economic legal and geopolitical implications This broad policy agenda can neither simply be addressed by states alone nor by traditional diplomats that practice or engage in negotiations over securing cyberspace whether this is in relation to regulations norms rules or indeed technologies that can provide security and preserve fundamental rights and freedoms on the Internet Developments in practice and in theory require more complex conceptualisation and understanding of cyber diplomacy of what it is of who practices it where and how The Handbook seeks to contribute to the wider question on how cyber diplomacy might have affected and changed the tools and approaches of diplomacy itself and might influence the study of diplomacy in the future

The Oxford Handbook of Job Quality Chris Warhurst, Chris Mathieu, Rachel E. Dwyer, 2022 Job quality matters it is offered as a solution to an array of social and economic challenges yet the terminology used to define it is varied This handbook explores the complexity of job quality for whom or for what job quality matters most and the diverse range of its contributions and applications to social economic and political concerns

Smart Rivals Feng Zhu, Bonnie Yining Cao, 2024-08-20 A fresh research based look at how companies can better compete on their own terms with tech giants from a Harvard Business School professor and a former Bloomberg journalist Companies are fighting the wrong battle

The consensus has been to learn the best practices from tech giants and then imitate them But new paths for growth aren't created by imitation they're forged by radical differentiation In *Smart Rivals* Harvard Business School professor Feng Zhu and former Bloomberg journalist Bonnie Yining Cao show business leaders how to create competitive advantages by offering product features and benefits that tech giants and other competitors cannot match in the digital AI age Taking readers on a global journey Zhu and Cao showcase a variety of companies including Domino's, Nike and Sephora and fascinating case studies such as Belle the leading women's footwear retailer in China EbonyLife Nigeria's top media conglomerate and Telepass Italy's popular electronic toll payment service Through these diverse examples they illustrate how companies identify their path for growth in the digital age by leveraging their unique capabilities Drawing on original research and insights gleaned from leaders in a wide range of industries *Smart Rivals* is a blueprint for uncovering your company's hidden strengths It will help you spark innovative solutions and capabilities including new products services strategies and advantages that mere imitation could never provide

The Palgrave Geopolitical Atlas Brian C. H. Fong, 2025-12-11 The Palgrave Geopolitical Atlas *State and Quasi State Actors in Great Power Competition* is a comprehensive authoritative survey of the twenty-first century global politics Going beyond the traditional state centrism in the international relations discipline this book re-orients both states and quasi-states as critical geopolitical actors This book challenges the state centrism in orthodox international relations scholarship Advancing a post-sovereign lens this book re-imagines a global geopolitical map that features different types of states and quasi-states By doing so this book transcends the mainstream great power small state framework in geopolitical studies and advances a novel agenda for investigating the interaction of states and quasi-states in global politics It guides readers to interpret the twenty-first century global geopolitical map through a post-sovereign lens This book will be an essential reference for international relations scholars and students around the world It will also appeal to global policy makers and practitioners who are observing the dynamics of contemporary great power competition
