New Sentencing Manual:

Sentencing guidelines and Parliament Great Britain: Parliament: House of Commons: Justice Committee, 2009-07-02
Parliament and the judiciary have different and complementary roles in determining sentencing Parliament sets the overall legislative framework sentencers determine the individual sentence in a particular case In the middle sit sentencing guidelines The Justice Committee provides a form of parliamentary comment on these by considering draft sentencing guidelines This is an area that has recently been subject to debate in terms of how to enhance democratic engagement within the constitutional framework The Committee's work with sentencing guidelines suggests that more attention needs to be paid to how sentencing contributes to public confidence in the criminal justice system and to the costs of different sentences and their relative effectiveness in achieving the purposes of sentencing These areas will be the priorities for the Committee's scrutiny of sentencing guidelines and scrutiny of criminal justice policy more broadly The danger of a sentencing policy based on misconceptions about what the public wants is that over the longer term resources will be diverted away from a sentencing framework that is effective in reducing re-offending creating more victims of crime There are still fundamental questions to be answered in discerning what works in achieving an effective sentencing framework *Practice Under the Federal Sentencing Guidelines* Debold, **Sentencing Guidelines** Andrew Ashworth, Julian V. Roberts, 2013-07-18 How do sentencing guidelines affect judicial practice Can public opinion influence the development of these guidelines and what role does the victim have How do barristers use the guidelines in practice These questions and more are addressed in this volume examining the English sentencing guidelines and how they function Sentencing Guidelines and Commissions Julian V. Roberts, Arie Freiberg, Rhys Hester, 2025-07-30 In *Sentencing Guidelines and Commissions* Julian V Roberts Arie Freiberg and Rhys Hester synthesize existing literature on commissions and guidelines identify key issues and problems and clarify the future of commissions and guidelines since the creation of the first commissions in 1980 Drawing upon almost fifty years of additional developments and accumulated research on guidelines commissions and councils the authors explore the benefits of sentencing councils and commissions and sentencing guidelines Further the authors look back to the cumulative experience since the first guidelines were created and propose model regimes for legislatures to consider based on the American English and Australian approaches *The Impact of the Federal Sentencing Guidelines* Michael K. Champion,1989-11-03 A distinguished group of noted criminal justice specialists here examines the impact of the new U S sentencing guidelines imposed in 1987 on law enforcement the prosecution and courts and corrections Although these guidelines were created with the expressed purpose of increasing judicial fairness and reducing prison overcrowding the contributors argue that their long range effects will be to aggravate present overcrowding problems to intolerably high levels To make their case contributors address individually such issues as plea bargaining the new role of parole and corrections officers the likely effects of the scheduled abolition of the parole board in 1992 and more Both students of criminal justice and practicing parole and corrections officers will find these chapters enlightening reading Following an introductory overview that puts the U S sentencing guidelines in perspective two chapters discuss their impact on law enforcement officer discretion and crime control and deterrence Turning to an exploration of the courts the contributors address prosecutorial discretion in plea bargaining judicial discretion and sentencing disparities case processing and sentencing alternatives and how predictions of dangerousness affect the sentencing process In their analysis of the relationship between the sentencing guidelines and corrections trends the contributors examine issues such as community based corrections and privatization inmate litigation and constitutional issues and recidivism Finally editor Dean Champion offers a perceptive synthesis of the volume by summarizing the serious problems posed by imposition of the U S sentencing guidelines Four appendices provide additional related information for the student and researcher
