Outlines of New Testament History Francis Ernest Gigot, 1898      **New Testament History** F. F. Bruce, 1971 Originally published London Nelson 1969      **New Testament History, Culture, and Society** Lincoln Blumell, 2019-05-13 This volume offers valuable perspectives from biblical scholars on the background of the New Testament texts including the Jewish and Greco Roman cultures of the time It ranges from the law of Moses and intertestamental period to the First Jewish Revolt of AD 66-73 and the canonization of the New Testament Over forty New Testament scholars and experts contributed to this comprehensive volume Here is just a small sampling of those writers Robert L Millet John W Welch Andrew C Skinner Kent P Jackson Thomas A Wayment Terry B Ball Noel Reynolds and Frank F Judd The book is divided into several themes including Jesus in the Gospels the Apostle Paul New Testament issues and contexts and what transpired after the New Testament      *New Testament History and Literature* Dale B. Martin, 2012-04-24 In this engaging introduction to the New Testament Professor Dale B Martin presents a historical study of the origins of Christianity by analyzing the literature of the earliest Christian movements Focusing mainly on the New Testament he also considers nonbiblical Christian writings of the era Martin begins by making a powerful case for the study of the New Testament He next sets the Greco Roman world in historical context and explains the place of Judaism within it In the discussion of each New Testament book that follows the author addresses theological themes then emphasizes the significance of the writings as ancient literature and as sources for historical study Throughout the volume Martin introduces various early Christian groups and highlights the surprising variations among their versions of Christianity      The New Testament History William Smith, 1875      **Outlines of the New Testament History** Francis E. Gigot, Fr Francis E Gigot DD, Brother Hermenegild, 2013-04-06 THE present is a companion volume to the Outlines of Jewish History published some months ago It deals with the historical data supplied by the inspired writings of the New Testament in exactly the same manner as the preceding work did with the various events recorded in the sacred books of the Old Testament In both volumes the writer has pursued the same purpose and followed the same methods Both works have been prepared for the special use of theological students not however without the hope that they may prove serviceable to a much larger number of readers such as teachers of Bible history in Sunday schools colleges academies and the like In neither volume has it been the aim of the writer to supply a substitute for the Bible itself but rather a help towards a more careful perusal of the inspired record With this purpose in view he has set forth such results of modern investigation as may render the sacred narrative more intelligible and attractive Many of the difficulties which are daily being raised on historical grounds are also touched upon and the biblical student is supplied with constant references to further sources of information Like the historical writings of the New Testament the present volume contains two distinct though very closely connected parts The first part gathered from the four narratives of our canonical gospels describes the life and times of Our Lord the second based mainly on the book of the Acts presents a brief sketch of the labors of Peter Paul James and John the

leading apostles of Christ The first part under the title of The Gospel History takes up the sacred narrative at the point where it was left in the Outlines of Jewish History and deals with the three and thirty years of Our Lord s mortal life i the second entitled The Apostolic History narrates the principal events connected with the planting and early spread of Christianity in the Roman Empire down to the year 98 A D As an additional help to the student two maps one of Palestine in the Time of Our Lord the other of the Roman Empire in the Apostolic Times have been especially prepared and will be found at the end of the volume together with a Chronological Table established on the now commonly admitted fact that the birth of Our Lord took place some years before what is called the Christian era
