**The Spirituality of Wine** Gisela H. Kreglinger ,2016 Wine serves an important role both in Scripture and in the Christian church but its significance has received relatively little theological attention in modern times This book fills that gap Viewing wine as a gift of God s created bounty and as a special symbol used pervasively throughout Scripture Kreglinger canvasses the history of wine in the church particularly its use in the Lord s Supper discusses the fascinating process of winemaking and considers both the health benefits of wine and the dangers of alcohol abuse Offering a vision of the Christian life that sees God in all things including the work of a vintner and the enjoyment of a well crafted glass of wine

*Why True Biblical Creationists Believe That Jesus Did Not Make Alcohol!* Leighton Campbell, 2008-07 This book shows that the account of Creation given to us by God in the Book of Genesis simply does not allow anyone claiming to be a Biblical Creationist in the true sense of the word to accept that our Lord could have made wine that consisted of alcohol This study reveals that there are parallels that can be drawn from the almost universal acceptance of the evolutionary or semi evolutionary world view by many Christians that it took God millions of years to Create everything instead of 6 literal 24 hour days to their world view adopted from unbelievers that when the Bible speaks of wine it is always of the alcoholic nature Instead it shows us that contrary to the views of many Christians and indeed unbelievers the notion that good wine has to be fermented or alcoholic is indeed erroneous and evolutionary in concept Using the clear literal truths established in the Creation account as its foundation this material unequivocally declares that the wine that Jesus made from water was in fact pure unfermented grape juice Leighton Campbell is a member of a Fundamental Evangelical Pentecostal Church He has served in youth ministries and evangelism He is currently active in the teaching ministry He is married to Jennifer and they have three children

Philemon in Perspective D. Francois Tolmie, 2010-06-29 This book is dedicated entirely to the interpretation of Paul s Letter to Philemon The letter is approached from a wide variety of perspectives thus yielding several new insights into its interpretation In a first essay the tendencies in the research on the letter since 1980 are outlined This is followed by essays devoted to the epistolary analysis and to a

rhetorical psychological interpretation of the letter as well as an essay devoted to the rhetorical function of stylistic form in the letter. After this there are two essays devoted to situating the letter in its ancient context: one views the letter against the background of ancient legal and documentary sources and another one against the background of slavery in early Christianity. The next two essays focus on theological aspects: namely on the letter as ethical counterpart of Paul's doctrine of justification and on the role that love plays in the letter. Three essays focus on ideological issues: the contextual interpretation of the letter in the US, a post-colonial reading of the letter and the letter's legacy of hierarchy and obedience. The volume concludes with four essays on the way in which the letter was interpreted by some of the Church Fathers: Origen, Jerome, Chrysostom, Augustine and Theodore of Mopsuestia.
