**The Cover Story Index, 1960-1989** Robert Skapura, 1990 An index to the cover stories of *Newsweek* Time and U S and World Report from 1960 until 1989      Democracy without Citizens Robert M. Entman, 1990-09-27 The free press cannot be free Robert Entman asserts Inevitably it is dependent In this penetrating critique of American journalism and the political process Entman identifies a vicious circle of interdependence as the key dilemma facing reporters and editors To become sophisticated citizens he argues Americans need high quality independent political journalism yet to stay in business while producing such journalism news organizations would need an audience of sophisticated citizens As Entman shows there is no easy way out of this dilemma which has encouraged the decay of democratic citizenship as well as the media s continuing failure to live up to their own highest ideals Addressing widespread despair over the degeneration of presidential campaigns Entman argues that the media system virtually compels politicians to practice demagoguery Entman confronts a provocative array of issues how the media s reliance on elite groups and individuals for information inevitably slants the news despite adherence to objectivity standards why the media hold government accountable for its worst errors such as scandals and foreign misadventures only after it s too late to prevent them how the interdependence of the media and their audience molds public opinion in ways neither group alone can control why greater media competition does not necessarily mean better journalism why the abolition of the FCC s Fairness Doctrine could make things worse Entman sheds fascinating light on important news events of the past decade He compares for example coverage of the failed hostage rescue in 1980 which subjected President Carter to a barrage of criticism with coverage of the 1983 bombing that killed 241 Marines in Lebanon an incident in which President Reagan largely escaped blame He shows how various factors unrelated to the reality of the events themselves the apparent popularity of Reagan and unpopularity of Carter differences in the way the Presidents publicly framed the incidents the potent symbols skillfully manipulated by Reagan s but not by Carter s news managers produced two very different kinds of reportage Entman concludes with some thoughtful suggestions for improvement Chiefly he proposes the creation of subsidized party based news outlets as a way of promoting new modes of news gathering and analysis of spurring the established media to more innovative coverage and of increasing political awareness and participation Such suggestions along with the author s probing media criticisms make this book essential reading for anyone concerned about the state of democracy in America      **The Rhetorical Construction of Allegations of Political Corruption in Case Studies of Nixon, Carter, Reagan, and Clinton** Timothy A. Borchers, 1996      **The Cover Story Index** , 1960      *The Modern Presidency and Crisis Rhetoric* Amos Kiewe, 1994 This volume examines how presidents from Truman to Bush rhetorically approached and managed political military judicial legislative and economic crises during their presidencies Editor Amos Kiewe assembles new essays by communications scholars who look at rhetoric initiated during

national crises and account for various rhetorical developments affected by crises changes in presidential rhetoric and rhetorical and situational crisis constraints Their studies suggest similarities in rhetoric in different types of crises and yield resources for postulating patterns of crisis rhetoric Each chapter's author presents a crisis rhetoric case study analyzing initial strategies and tactics shifts in rhetorical tactics adjustments of discourse to particular phases in the crises and unique rhetorical approaches designed to accommodate unexpected turns of events The contributors discuss how presidents use rhetorical inventions flip flops face saving posturing and even silence to diffuse crises Specific topics include Eisenhower's response to the constitutional crisis in Little Rock Kennedy and the Berlin Wall crisis Johnson and the Kennedy assassination Nixon and Watergate and Bush and the Persian Gulf Crisis Recommended for political scientists and communication theorists

**Watching M\*A\*S\*H, Watching America** James H. Wittebols, 2025      *Let the Swords Encircle Me* Scott

Peterson, 2010-09-21 NO OTHER COUNTRY SO DOMINATES THE HEADLINES Iran is portrayed as a nuclear threat a terrorist nation a charter member of the Axis of Evil bent on the destruction of Israel But behind those headlines and the fierce rhetoric of Iran's most hard line leaders is a proud nation with a 2 500 year history of Persian poetry art and passion Based on more than thirty extended reporting trips to Iran including the turbulent aftermath of the disputed June 2009 election Scott Peterson's portrait is the definitive guide to this enigmatic nation from the roots of its incendiary internal struggles to the rise and slide of Iran's earthshaking 1979 Islamic Revolution This prize winning American journalist with unparalleled experience in Iran takes us there inside a country where an educated and young population is restlessly eager to take its place in the world where martyrs of the sacred Iran Iraq War are still mourned with tears of devotion where the cultural and religious forces of light and darkness are locked in battle Peterson brings stunningly alive the diversity within Iran from the hard liners who shout Death to America to the majority who comprise the most pro American population in the Middle East *Let the Swords Encircle Me* gives voice to Iranians themselves the clerics and the reformers the filmmakers and the journalists the True Believers and their Westernized and profane brethren to understand the complexities of Iran today Through dedicated and in depth reporting Peterson shows how every word image and sensibility in Iran is often deliciously unexpected and counterintuitive Ideology matters So does resistance And azadi freedom Peterson deftly holds a mirror up to both sides of the U S Iran conflict Americans and Iranians he writes share a belief in their own exceptionalism and manifest destiny which for Iran includes its nuclear ambitions and frequent need of an enemy in political discourse The same elements that have locked the United States and Iran in the most vicious of struggles stretching back to the 1953 CIA coup in Tehran and the 1979 U S Embassy hostage saga are the same ones that could one day make Iran and the United States the most natural allies in the region In this critical and personal account Peterson illumines the latest episodes of Iran's century old quest for democracy and freedom He explains how the Islamic Revolution launched as a beacon of justice and resistance for Iranians and all the world's Muslims has not lived up to its ambitious promise He shows how the violence of 2009 damaged

the regime's legitimacy and marks the start of an irreversible decline *Let the Swords Encircle Me* takes us into the minds and hearts of Iranians today and will be a crucial guide as Americans and Iranians attempt to overcome their bitter estrangement

**Scandal and Silence** Robert M. Entman, 2012-05-14 The author argues that media neglect most corruption providing too little not too much scandal coverage scandals arise from rational controlled processes not emotional frenzies and when scandals happen it's not the media but government and political parties that drive the process and any excesses that might occur significant scandals are difficult for news organizations to initiate and harder for them to maintain and bring to appropriate closure for these reasons cover ups and lying often work and truth remains essentially unrecorded
