Next of Kin Richard T. Rodríguez, 2009-06-16 A feminist analysis of the Chicano family that sees it as a site of political struggle with patriarchal masculinity nationalism and homophobia **Bodies at War** Belinda Linn Rincón, 2017-10-31 The book examines the rise of neoliberal militarism from the early 1970s to the present and its destructive impact on democratic practices economic policies notions of citizenship race relations and gender norms by focusing on how these changes affect the Chicana community and cultural production Provided by publisher **Fatherhood in the Borderlands** Domino Renee Perez, 2022-12-06 2023 Finalist Best Academic Themed Book College Level English International Latino Book Awards A contemplative exploration of cultural representations of Mexican American fathers in contemporary media As a young girl growing up in Houston Texas in the 1980s Domino Perez spent her free time either devouring books or watching films and thinking always thinking about the media she consumed The meaningful connections between these media and how we learn form the basis of Perez s slow research approach to race class and gender in the borderlands Part cultural history part literary criticism part memoir Fatherhood in the Borderlands takes an incisive look at the value of creative inquiry while it examines the nuanced portrayal of Mexican American fathers in literature and film Perez reveals a shifting tension in the literal and figurative borderlands of popular narratives and shows how form genre and subject work to determine the roles Mexican American fathers are allowed to occupy She also calls our attention to the cultural landscape that has allowed such a racialized representation of Mexican American fathers to continue unopposed for so many years Fatherhood in the Borderlands brings readers right to the intersection of the white cultural mainstream in the United States and Mexican American cultural productions carefully considering the legibility and illegibility of Brown fathers in contemporary media

Social Death Lisa Marie Cacho, 2012-11-12 Winner of the 2013 John Hope Franklin Book Prize presented by the American Studies Association A necessary read that demonstrates the ways in which certain people are devalued without attention to social contexts Social Death tackles one of the core paradoxes of social justice struggles and scholarship that the battle to end oppression shares the moral grammar that structures exploitation and sanctions state violence Lisa Marie Cacho forcefully argues that the demands for personhood for those who in the eyes of society have little value depend on capitalist and heteropatriarchal measures of worth With poignant case studies Cacho illustrates that our very understanding of personhood is premised upon the unchallenged devaluation of criminalized populations of color Hence the reliance of rights based politics on notions of who is and is not a deserving member of society inadvertently replicates the logic that creates and normalizes states of social and literal death Her understanding of inalienable rights and personhood provides us the much needed comparative analytical and ethical tools to understand the racialized and nationalized tensions between racial groups Driven by a radical relentless critique Social Death challenges us to imagine a heretofore unthinkable politics and ethics that do not rest on neoliberal arguments about worth but rather emerge from the insurgent experiences of those

negated persons who do not live by the norms that determine the productive patriotic law abiding and family oriented subject
