Facebook Friendship Groups as a Space for Peace: A Case Study of Relations between Libyan and American Citizens Lisa Gibson, 2025-01-07 Facebook Friendship Groups as a Space for Peace provides new ways of thinking about the concept of friendship in international relations by drawing upon Aristotle's ancient insights on sociability and reconceptualizing them for modern international relations. This book explores how citizens can be engaged in public diplomacy through everyday interactions in Facebook friendship groups which allows them to promote understanding and reframe identity narratives. This book provides rich in demand empirical insights from citizens in the global south about the ways that social media friendship groups can be used to facilitate positive relations between citizens from countries that have a history of conflict. It also provides important insights for state leaders on the kinds of citizen initiatives that are seen as most useful in promoting positive images among foreign peoples. However, it challenges much of the notion that citizen initiatives will improve foreign public views of a state's foreign policy, especially when those foreign policy priorities negatively affect citizens directly like former President Donald Trump's travel ban. Negative foreign policy initiatives cause distrust and once that is broken it is difficult to rebuild absent changing the foreign policy. This book shows that conflict is deeply contextual and as such public diplomacy initiatives must also be designed in such a way to address the unique challenges that exist between countries. Social media friendship groups can be a place to start to promote understanding, dispel stereotypes, and reframe enemy narratives which are essential to long-term positive relations.

13 Hours Mitchell Zuckoff, 2014-09-09 The harrowing true account from the brave men on the ground who fought back during the Battle of Benghazi. 13 HOURS presents for the first time ever the true account of the events of September 11, 2012, when terrorists attacked the US State Department Special Mission Compound and a nearby CIA station called the Annex in Benghazi, Libya. A team of six American security operators fought to repel the attackers and protect the Americans stationed there. Those men went beyond the call of duty, performing extraordinary acts of courage and heroism to avert tragedy on a much larger scale. This is their personal account, never before told, of what happened during the thirteen hours of that now infamous attack. 13 HOURS sets the record straight on what happened during a night that has been shrouded in mystery and controversy. Written by New York Times bestselling author Mitchell Zuckoff, this riveting book takes readers into the action-packed story of heroes who laid their lives on the line for one another, for their countrymen, and for their country. 13 HOURS is a stunning, eye-opening, and intense book, but most importantly, it is the truth. The story of what happened to these men and what they accomplished is unforgettable.
