(Sub)Urban Sexscapes Paul J. Maginn,Christine Steinmetz,2014-10-10 Sub Urban Sexscapes brings together a collection of theoretically informed and empirically rich case studies from internationally renowned and emerging scholars highlighting the contemporary and historical geographies and regulation of the commercial sex industry Contributions in this edited volume examine the spatial and regulatory contours of the sex industry from a range of disciplinary perspectives urban planning urban geography urban sociology and cultural and media studies and geographical contexts Australia the UK US and North Africa In overall terms Sub urban Sexscapes highlights the mainstreaming of commercial sex premises sex shops brothels strip clubs and queer spaces and products sex toys erotic literature and pornography now being commonplace in night time economy spaces the high street suburban shopping centres and the home In addition the aesthetics of commercial and alternative sexual practices BDSM and pornography permeate the sub urban landscape via billboards newspapers and magazines television music videos and the Internet The role of sex sexuality and commercialized sex in contributing to the general character of our cities cannot be ignored In short there is a need for policy makers to be realistic about the historical contemporary and future presence of the sex industry Ultimately the regulation of the sex industry should be informed by evidence as opposed to moral panics Winner of the Planning Institute of Australia WA 2015 Award for Excellence in Cutting Edge Research and Teaching

Understanding Young Buddhists Andrew Yip,Sarah-Jane Page,2017-02-06 There is currently an acute lack of scholarly engagement with Buddhism and youth Based on ground breaking empirical research Understanding Young Buddhists Living out Ethical Journeys explores the stories of young Buddhists through a rich analysis of their lived experiences Page and Yip explore their journeying into Buddhism their Buddhist belief and practice their management of sexuality and their social positioning in relation to family and kin friendship networks youth culture and occupational aspirations Using lived religion as a theoretical lens and bringing into dialogue research on Buddhism and youth Understanding Young Buddhists convincingly demonstrates the resourcefulness and creativity of young Buddhists in developing ethics for life as they negotiate the diverse challenges and opportunities in their journeys of life

The Routledge Research Companion to Geographies of Sex and Sexualities Gavin Brown,Kath Browne,2016-05-20 Comprehensive and authoritative this state of the art review both charts and develops the rich sub discipline geographies of sexualities exploring sex gender sexuality and sexual practices Emerging from the desire to examine differences and exclusions as a key aspect of human geographies these geographies have engaged with heterosexual and queer lesbian gay bi and trans lives Developing thinking in this area geographers and other social scientists have illustrated the centrality of place space and other spatial relationships in reconstituting sexual practices representations desires as well as sexed bodies and lives This book reviews the current state of the field and offers new insights from authors located on five continents In doing so the book seeks to draw on and influence core debates in this field as well as disrupt the

Anglo American hegemony in studies of sexualities sexes and geographies This volume is the definitive collection in the area bringing together many international leaders in the field alongside scholars that are well established outside the Anglophone academy and many emerging talents who will lead the field in the decades to come Lesbian Geographies Kath Browne, Eduarda Ferreira, 2016-03-03 It has long been recognised that the spatialisation of sexual lives is always gendered Sexism and male dominance are a pervasive reality and lesbian issues are rarely afforded the same prominence as gay issues Thus lesbian geographies continue to be a salient axis of difference challenging the conflation of lesbians and gay men as well as the trope that homonormativity affects lesbians and gay men in the same ways This volume explores lesbian geographies in diverse geographical social and cultural contexts and presents new approaches using English as a working language but not as a cultural framework Going beyond the dominant trace of Anglo American perspectives of research in sexualities this book presents research in a wide range of countries including Australia Argentina Israel Canada USA Russia Poland Spain Hungary and Mexico *Mapping LGBTQ Spaces and Places* Marianne Blidon, Stanley D. Brunn, 2022-07-11 This book addresses LGBTQ issues in relation to among others law and policy mobility and migration children and family social well being and identity visible and invisible landscapes teaching and instruction parades arts and cartography and mapping A variety of research methods are used to explore identities communities networks and landscapes all which can be used in subsequent research and classroom instruction and disciplinary and interdisciplinary levels This extensive book stimulates future pioneering research ventures in rural and urban settings about existing and proposed LGBTQ policies individual and group mapping visible and invisible spaces and the construction of public and private spaces Through the methodologies and rich bibliographies this book provides a rich source for future comparative research of scholars working in social work NGOs and public policy and community networking and development The Ashgate Research Companion to Queer Theory Noreen Giffney, Michael O'Rourke, 2016-03-23 This interdisciplinary volume of thirty original essays engages with four key concerns of queer theoretical work identity discourse normativity and relationality The terms queer and theory are put under interrogation by a combination of distinguished and emerging scholars from a wide range of international locations in an effort to map the relations and disjunctions between them These contributors are especially attendant to the many theoretical discourses intersecting with queer theory including feminist theory LGBT studies postcolonial theory psychoanalysis disability studies Marxism poststructuralism critical race studies and posthumanism to name a few This Companion provides an up to the minute snapshot of queer scholarship from the past two decades and identifies many current directions queer theorizing is taking while also signposting several fruitful avenues for future research This book is both an invaluable and authoritative resource for scholars and an indispensable teaching tool for use in the classroom Sexuality and Citizenship Diane Richardson, 2017-09-18 Sexual citizenship has become a key concept in the social sciences It describes the rights and responsibilities of citizens in sexual and intimate life including debates over equal

marriage and women's human rights as well as shaping thinking about citizenship more generally. But what does it mean in a continually changing political landscape of gender and sexuality? In this timely intervention Diane Richardson examines the normative underpinnings and varied critiques of sexual citizenship, asking what they mean for its future conceptual and empirical development as well as for political activism. Clearly written, the book shows how the field of sexuality and citizenship connects to a range of important areas of debate including understandings of nationalism, identity, neoliberalism, equality, governmentality, individualization, colonialism, human rights, globalization, and economic justice. Ultimately, this book calls for a critical rethink of sexual citizenship. Illustrating her argument with examples drawn from across the globe, Richardson contends that this is essential if scholars want to understand the sexual politics that made the field of sexuality and citizenship studies what it is today and to enable future analyses of the sexual inequalities that continue to mark the global order.

Transforming Gender, Sex, and Place Lynda Johnston, 2018-10-25 Transgender, gender variant, and intersex people are in every sector of all societies, yet little is known about their relationship to place. Using a trans-feminist and queer geographical framework, this book invites readers to consider the complex relationship between transgender people, spaces, and places. This book addresses questions such as: how is place and space transformed by gender-variant bodies, and vice versa? Where do some gender-variant people feel in and/or out of place? What happens to space when binary gender is unravelled and subverted? Exploring the diverse politics of gender-variant embodied experiences through interviews and community action, this book demonstrates that gendered bodies are constructed through different social, cultural, and economic networks. Firsthand stories and international examples reveal how transgender people employ practices and strategies to both create and contest different places, such as bodies, homes, bathrooms, activist spaces, workplaces, urban night spaces, nations, and transnational borders. Arguing that bodies, gender, sex, and space are inextricably linked, this book brings together contemporary scholarly debates, original empirical material, and popular culture to consider bodies and spaces that revolve around and resist binary gender. It will be a valuable resource in Geography, Gender, and Sexuality studies.

Religion and Sexualities Sarah-Jane Page, Heather Shipley, 2020-05-05 This book examines key themes and concepts pertaining to religious and sexual identities and expressions, mapping theoretical, methodological, and empirical dimensions. It explores the ways in which debates around sexuality and religion have been framed and what research is still needed to expand the field as it develops. Through the deployment of contemporary research, including data from the authors' own projects, *Religion and Sexualities* offers an encompassing account of the sociology of sexuality and religion, considering theoretical and methodological lenses, queer experiences, and how sexuality is gendered in religious contexts. This comprehensive text will act as an essential accompaniment to scholars and students across the social sciences and humanities, whether they have a general interest in the field or are embarking on their own research in this area.

Nice Ashgate Research Companion Geographies Sexualities Introduction

In today's digital age, the availability of Nice Ashgate Research Companion Geographies Sexualities books and manuals for download has revolutionized the way we access information. Gone are the days of physically flipping through pages and carrying heavy textbooks or manuals. With just a few clicks, we can now access a wealth of knowledge from the comfort of our own homes or on the go. This article will explore the advantages of Nice Ashgate Research Companion Geographies Sexualities books and manuals for download, along with some popular platforms that offer these resources. One of the significant advantages of Nice Ashgate Research Companion Geographies Sexualities books and manuals for download is the cost-saving aspect. Traditional books and manuals can be costly, especially if you need to purchase several of them for educational or professional purposes. By accessing Nice Ashgate Research Companion Geographies Sexualities versions, you eliminate the need to spend money on physical copies. This not only saves you money but also reduces the environmental impact associated with book production and transportation. Furthermore, Nice Ashgate Research Companion Geographies Sexualities books and manuals for download are incredibly convenient. With just a computer or smartphone and an internet connection, you can access a vast library of resources on any subject imaginable. Whether you're a student looking for textbooks, a professional seeking industry-specific manuals, or someone interested in self-improvement, these digital resources provide an efficient and accessible means of acquiring knowledge. Moreover, PDF books and manuals offer a range of benefits compared to other digital formats. PDF files are designed to retain their formatting regardless of the device used to open them. This ensures that the content appears exactly as intended by the author, with no loss of formatting or missing graphics. Additionally, PDF files can be easily annotated, bookmarked, and searched for specific terms, making them highly practical for studying or referencing. When it comes to accessing Nice Ashgate Research Companion Geographies Sexualities books and manuals, several platforms offer an extensive collection of resources. One such platform is Project Gutenberg, a nonprofit organization that provides over 60,000 free eBooks. These books are primarily in the public domain, meaning they can be freely distributed and downloaded. Project Gutenberg offers a wide range of classic literature, making it an excellent resource for literature enthusiasts. Another popular platform for Nice Ashgate Research Companion Geographies Sexualities books and manuals is Open Library. Open Library is an initiative of the Internet Archive, a non-profit organization dedicated to digitizing cultural artifacts and making them accessible to the public. Open Library hosts millions of books, including both public domain works and contemporary titles. It also allows users to borrow digital copies of certain books for a limited period, similar to a library lending system. Additionally, many universities and educational institutions have their own digital libraries that provide free access to PDF books and manuals. These libraries often offer academic texts, research papers, and

technical manuals, making them invaluable resources for students and researchers. Some notable examples include MIT OpenCourseWare, which offers free access to course materials from the Massachusetts Institute of Technology, and the Digital Public Library of America, which provides a vast collection of digitized books and historical documents. In conclusion, Nice Ashgate Research Companion Geographies Sexualities books and manuals for download have transformed the way we access information. They provide a cost-effective and convenient means of acquiring knowledge, offering the ability to access a vast library of resources at our fingertips. With platforms like Project Gutenberg, Open Library, and various digital libraries offered by educational institutions, we have access to an ever-expanding collection of books and manuals. Whether for educational, professional, or personal purposes, these digital resources serve as valuable tools for continuous learning and self-improvement. So why not take advantage of the vast world of Nice Ashgate Research Companion Geographies Sexualities books and manuals for download and embark on your journey of knowledge?
