Supply Chain Analytics Peter W. Robertson, 2025-09-03 Supply Chain Analytics second edition introduces the reader to data analytics and demonstrates the value of its effective use in the improvement of supply chain SC process performance By describing four key SC processes and illustrating through worked examples how the descriptive predictive and prescriptive analytic methods can be applied to enhance those processes this book presents a more comprehensive learning experience for the reader than has been offered previously Key topics and issues are addressed including the capriciousness of modern SC operating environments the imperative of SC sustainability the need for heightened SC risk management the building of SC resilience the pursuit of SC optimisation and the use of big data data mining cloud computing machine learning artificial intelligence AI and importantly the social issues confronting SC analysts in carrying out their work The author identifies four core SC processes strategy design execution and people to which the analytic techniques explained can be applied to ensure continuous performance improvement and the growth of competitive advantage Pedagogy to aid learning is incorporated throughout including an opening section for each chapter explaining the intended learning outcomes worked examples illustrating how each analytic technique works how it is applied and what to be careful of tables diagrams and equations to help visualise the concepts and methods covered end of chapter case studies

review questions and assignment tasks Providing both management expertise and technical skills which are essential to decision makers in the SC this textbook is an essential reading for advanced undergraduate and postgraduate students of SC analytics SC leaders and SC operations management professionals Its practice based and applied approach also makes it valuable for teaching academics organisational trainers and coaches operating SC practitioners and those pursuing professional qualifications Online resources include chapter by chapter PowerPoint slides tutorial exercises written assignments worked examples using Excel and a test bank of exam questions

Create Scarcity and Demand on Purpose: How to Use Urgency the Right Way Simon Schroth, 2025-04-05 Scarcity and urgency are powerful marketing tools when used correctly Create Scarcity and Demand on Purpose shows you how to use these techniques ethically to build excitement around your products increase conversions and drive sales This book teaches you how to implement urgency and scarcity strategies that feel natural to your customers while creating a sense of exclusivity and value You ll learn how to design limited time offers flash sales and product launches that leverage scarcity to motivate action The book also covers psychological triggers that make urgency so effective how to communicate scarcity without coming off as manipulative and how to balance urgency with customer satisfaction Whether you re running an online store offering a service or launching a new product this book will help you use urgency to create demand and drive more sales without compromising your brand integrity If you re ready to harness the power of scarcity and urgency to accelerate your business growth Create Scarcity and Demand on Purpose provides you with the tools to do so effectively and ethically

Investing in Hidden Monopolies Patrick J. Wierckx, 2025-11-01 Investing in quality companies is often cited as the most reliable way to achieve successful investment returns However the question remains why do so many investors adopting this approach fail to generate such returns Many books have been written on investing but only every few generations a book emerges that challenges the way we think about investing This is such a book After decades of research into why some companies stay successful while others fail former Head of Equities Patrick Wierckx managed to uncover the answer Now for the first time he shares his insights in a book that captivates even the most experienced investors By drawing on his more than 25 years of institutional investment management experience he offers a groundbreaking approach to help investors analyze companies more accurately and achieve successful investment returns Whether you are a beginning investor or a seasoned professional Hidden Monopolies offers an invaluable resource for every investor who wants to take full advantage of those companies that deliver superior returns over the long term HIDDEN MONOPOLIES will teach you The secrets to achieving successful investment returns How to let investments work for you rather than against you How to effectively analyze a company in a short period of time How to find hidden gems among companies that are built to last The timeless principle that underpins enduring business success How to spot the warning signs hiding behind a company s success How to predict a company s future success even when data is scarce

EBK: Services Marketing: Integrating Customer Service Across the Firm 4e Alan

Wilson, Valarie Zeithaml, Mary Jo Bitner, Dwayne Gremler, 2020-10-07 Successful businesses recognize that the development of strong customer relationships through quality service and services as well as implementing service strategies for competitive advantage are key to their success. In its fourth European edition, *Services Marketing: Integrating Customer Focus across the Firm* provides full coverage of the foundations of services marketing, placing the distinctive Gaps model at the center of this approach. The new edition draws on the most recent research and using up to date and topical examples, the book focuses on the development of customer relationships through service outlining the core concepts and theories in services marketing today. New and updated material in this new edition includes New content related to human resource strategies including coverage of the role of robots and chatbots for delivering customer focused services. New coverage on listening to customers through research, big data, netnography and monitoring user generated content. Increased technology, social media and digital coverage throughout the text including the delivery of services using mobile and digital platforms as well as through the Internet of Things. Brand new examples and case studies added from global and innovative companies including Turkish Airlines, Volvo EasyJet and McDonalds. Available with McGraw Hill's Connect, the well established online learning platform which features our award winning adaptive reading experience as well as resources to help faculty and institutions improve student outcomes and course delivery efficiency.

Turtley Vegan: Totally Plant-Based, at Your Own Pace T. Butler Brown, 2020-02-25 Are you curious about vegan and gluten free cooking but don't know where to begin? This beginner friendly cookbook takes a lighthearted journey into comfort food and introduces delicious plant based products on the market today. With more than 200 photos, simple directions, cooks of any skill level can walk through each step by step recipe instruction with confidence and ease. Hosting a celebration for family and friends with food preferences or allergies doesn't require multiple entrées. Now make one entrée that everyone can eat and everyone will love. Dishes like Smoked Gouda Lasagna, Shepherd's Pie and Stuffed Peppers will win the hearts of everyone sitting at your table. No need to stress guessing what products to use. The photographic Substitute Guide shows what products replace the animal based wheat products traditionally used in the past and is the conversion tool transforming recipes to vegan gluten free versions. Meal planning, shopping are simplified with Turbo Chart Grocery Cart and ordering options for products are included for those who prefer the convenience of online shopping. This book entertains all taste buds and will be a resource you reach for again and again as you re-create the recipes you and your family love totally plant based at your own pace. That's Turtley Vegan.
