Alexandra Natapoff,2018-12-31 A revelatory account of the misdemeanor machine that unjustly brands millions of Americans
as criminals Punishment Without Crime offers an urgent new interpretation of inequality and injustice in America by
examining the paradigmatic American offense the lowly misdemeanor Based on extensive original research legal scholar
Alexandra Natapoff reveals the inner workings of a massive petty offense system that produces over 13 million cases each
year People arrested for minor crimes are swept through courts where defendants often lack lawyers judges process cases in
mere minutes and nearly everyone pleads guilty This misdemeanor machine starts punishing people long before they are
convicted it punishes the innocent and it punishes conduct that never should have been a crime As a result vast numbers of
Americans most of them poor and people of color are stigmatized as criminals impoverished through fines and fees and
stripped of drivers licenses jobs and housing For too long misdemeanors have been ignored But they are crucial to
understanding our punitive criminal system and our widening economic and racial divides A Publishers Weekly Best Book of
