Dear Ms. Hendrix,

During my undergraduate study at the University of Alaska Fairbanks, I was named the top-performing student for my resource management project. My professors mentioned my outstanding strategic thinking and strong organizational skills as justification for this achievement. I am excited to demonstrate my abilities as an office administrator at Moffatt and Nichol.

As an ambitious new graduate, the chance to start my career at a fast-growing company like Moffatt and Nichol is compelling. My strong academic background in business administration and two years of experience as a part-time hotel receptionist have furnished me with the skills and knowledge necessary to excel. My recent achievements include:

- Answering guest queries warmly and professionally, achieving a 100% positive rating in 2023
- Receiving praise five times during my practicum placement assessments for accuracy and efficiency
- Achieving full marks for my business computer applications coursework

I look forward to discussing how my abilities and qualities can help me provide outstanding administrative support to your organization. Please get in touch to schedule an interview.

Sincerely,

Candice Suarez

**Professional Writing Online** James E. Porter, Johndan Johnson-Eilola, 2001 Professional Writing Online is not a book but an instructional website. It is the first course material intended for applied writing courses that makes full use of the dynamic capabilities of the World Wide Web. The flexibility afforded by the Web provides important advantages as a teaching tool over conventional textbooks. A short handbook functions as a guide to using the site but the website itself is completely autonomous intended to be used on its own as an instructional resource for professional writing. PWO offers four primary points of entry which correspond to the four major sections of the site: Projects, Documents, Principles, and Resources. The Projects provide activities and exercises for inside and outside of the classroom. The Documents section provides a wealth of real world examples of a variety of document types. The Principles section offers explanations of the topics that are integral to an applied writing course. The Resources section provides teachers and students additional materials that will be useful in the teaching and practicing of writing on the job. These sections of course are interlinked so students can move back and forth among the sections to find what they need in focusing on a particular topic. Overall Professional Writing Online provides far more material than a conventional textbook and provides additional links to an abundance of related material on the World Wide Web.
