*Ghost Work* Mary L. Gray, Siddharth Suri, 2019 A startling expos of the invisible human workforce that powers the web and how to bring it out of the shadows Hidden beneath the surface of the internet a new stark reality is looming one that cuts to the very heart of our endless debates about the impact of AI Anthropologist Mary L Gray and computer scientist Siddharth Suri unveil how the services we use from companies like Amazon Google Microsoft and Uber can only function smoothly thanks to the judgment and experience of a vast human labor force that is kept deliberately concealed The people who do ghost work make the internet seem smart They perform high tech on demand piecework flagging X rated content proofreading transcribing audio confirming identities captioning video and much more The shameful truth is that no labor laws protect them or even acknowledge their existence They often earn less than legal minimums for traditional work they have no health benefits and they can be fired at any time for any reason or for no reason at all An estimated 8 percent of Americans have worked in this ghost economy and that number is growing every day In this unprecedented investigation Gray and Suri make the case that robots will never completely eliminate ghost work and the

unchecked quest for artificial intelligence could spark catastrophic work conditions if not stopped in its tracks Ultimately they show how this essential type of work can create opportunity rather than misery for those who do it Dust jacket

**Wolt Cooperation Strategy with its Couriers before and after the Covid 19 Pandemic** Ekundayo Bello, 2024-05-15 Master's Thesis from the year 2024 in the subject Business economics Business Management Corporate Governance grade 2 course Master in International Business language English abstract The objective of this study is to provide recommendations on how to improve the cooperation between Wolt and its courier partners during and after the Covid 19 crisis based on the views and opinions expressed by the courier partners in Tallinn. The views and opinions of Wolt's courier partners on actions and strategies implemented by Wolt during the pandemic and preferred relationship status will be used to make suggestions on how to improve the cooperation between the two parties. According to Statista, an online database, food delivery platforms along with other service sector businesses in Estonia contributed significantly to GDP, over 61% from 2009 to 2019. Moreover, the global turnover of 151 526 million in 2021 was forecast in the sector Online Food Delivery, with China expected to generate the highest turnover and the estimated turnover for Estonia in 2021 is 20 million. Statista 2020 1 Wolt, one of the largest e-residency companies in Estonia, contributes significantly to the Estonian economy by paying social contributions on behalf of its individual courier partners and paying business courier partners a higher commission to compensate for their tax expenses. By the last quarter of 2020, Wolt has

paid up to EUR 300 000 in taxes for its courier partners in Estonia Therefore the continued survival and profitability of online food delivery platforms in Estonia is important for the well being of citizens As the hardship caused by the pandemic continues to transform almost all aspects of human life worldwide the role of online food delivery companies in providing consumers with prepared food cannot be overstated
