*Megatrends in Agriculture, Food Industry and Food Markets* Henning Otte Hansen, 2024-08-28 This book offers a research based holistic overview of the entire value chain of the global food industry It captures and defines over 80 contemporary megatrends in agriculture and the food market that can be empirically documented and have a major impact on business economies industries societies and individuals Today the world is characterized by more uncertainty and unpredictability than in previous periods In the midst of these changing times the book demonstrates how a number of more stable trends still exist within global agriculture which can be important indicators in both the short and long term The book highlights how developments in agriculture the food industry and food markets have a central position in policy debates around climate change sustainability food crises hunger and food supply and shows how by identifying various megatrends and their underlying economic drivers as well as potential disruptive forces we can reduce both risk and vulnerability in the future Megatrends within consumption food loss food crises international trade retail industry and ownership of farms are discussed and their relevance illuminated for a wide range of stakeholders including policy makers and agri businesses as well as farmers and consumers This book will be a useful resource for researchers in agricultural and environmental economics as well as policy makers and professionals in agri food organisations and public food institutions This is an open access book

**THE AGEING OF GREAT BRITAIN** Martin Slattery, 2019-11-19 Great Britain is ageing but doesn't seem to know it Despite numerous warnings from official reports the Government has ignored or neglected the car crashes ahead Our Health the potential for a New Age manifesto that might propel Ageing up the political agenda create a new

Intergenerational Social Contract and force the government to plan ahead for the 100 Year Life now facing over a third of all children born today If the Japanese the Scandinavians and the Bolivians can do it why not Great Britain We owe that to our children and to the generations ahead Welcome to the Ageing World of the 21st Century

**Turning Points** Holger Janusch, Witold Mucha, Julia Schwanholz, Alexander Reichwein, Daniel Lorberg, 2023-12-18 Turning Points Challenges for Western Democracies in the 21st Century centers around the strikingly under researched concept of turning points and its application in political science including various theories fields and sub disciplines The chapters provide theoretical discussion and conceptual clarity by distinguishing a set of turning points at different analytical levels Based on a wide range

of case studies the authors illustrate where when and how different types of turning points occur or not against the backdrop of current challenges in and for Western democracies The conceptual and empirical variety of the volume allows scholars and practitioners in policymaking to develop and apply their own frameworks when dealing with turning point dynamics
