New Perspectives on Computer Concepts June Jamrich Parsons, Dan Oja, 1996 Part of the New Perspectives series this best-selling concepts text uses technology in innovative and practical ways to enhance both the teaching and learning experience. As a brief text this book covers basic computer concepts from Software and Multimedia to Computer Files and Buying a Computer.

**Electronic Expectations** Tony Stankus, 2019-12-06 This book first published in 1999 analyses the convergence of financial, technical, and public policy considerations that turned what seemed like science fiction twenty years ago into a library fact of life today. It shows that while electronic publication greatly speeds issuance of important scientific results of enduring value it also has the potential to lower the economic threshold at which crank papers and marginal publications can gain a wide if sadly misled audience in the short run. It demonstrates that while scientists invented the web they no longer control it and that even the very largest research organizations, libraries, publishers, and journal aggregators will to a

substantial degree be at the technological and economic mercy of commercial users of the web      New Perspectives on Microsoft Word 97 Comprehensive -- Enhanced Beverly B. Zimmerman,S. Scott Zimmerman,Ann Shaffer,1998 Part of the New Perspectives series this text offers a case based problem solving approach and innovative technology for meaningful learning of Microsoft Word 97      *Business 2.0* ,2002      **New Scientist** ,1998      **PC World** ,1997      C/C++ Users Journal ,2003      **Business Week** ,2007
