Don't Use Your Words! Jane Juffer, 2019-05-28 How children are taught to control their feelings and how they resist this emotional management through cultural production Today even young kids talk to each other across social media by referencing memes songs and movements constructing a common vernacular that resists parental educational and media imperatives to name their feelings and thus control their bodies Over the past two decades children's television programming has provided a therapeutic site for the processing of emotions such as anger but in doing so has enforced normative structures of feeling that Jane Juffer argues weaken the intensity and range of children's affective experiences *Don't Use Your Words* seeks to challenge those norms highlighting the ways that kids express their feelings through cultural productions including drawings fan art memes YouTube videos dance moves and conversations while gaming online Focusing on kids between ages five and nine *Don't Use Your Words* situates these productions in specific contexts including immigration policy referenced in drawings by Central American children just released from detention centers and electoral politics as contested in kids artwork expressing their anger at Trump's victory Taking issue with the mainstream tendency to speak on behalf of children Juffer argues that kids have the agency to answer for themselves what does it feel like to be a kid

Regulating the Metaverse Ignas Kalpokas, Julija Kalpokienė, 2023-01-26 The metaverse seems to be on everybody's lips and yet very few people can actually explain what it means or why it is important This book aims to fill the gap from an interdisciplinary perspective informed by law and media and communications studies Going beyond the optimism emanating from technology companies and venture capitalists the authors critically evaluate the antecedents and the building blocks of the metaverse the design and regulatory challenges that need to be solved and commercial opportunities that are yet to be fully realised While the metaverse is poised to open new possibilities and perspectives it will also be a dangerous place one ripe with threats ranging from disinformation to intellectual property theft to sexual harassment Hence the book offers a useful guide to the legal and political governance issues ahead while also contextualising them within the broader domain of governance and regulation of digital technologies

New Forms of Civic Resistance and Activism Tine Munk, Elliot Doornbos, Ian Mahoney, 2025-12-16 This interdisciplinary collection examines how contemporary movements are reshaping political social and environmental landscapes through both online and offline means including creative expression and grassroots mobilisation This book analyses non violent activism political resistance mobilisation

responses to hate and environmental activism It brings together a wide range of academic perspectives with contributions from scholars and practitioners across the social sciences and humanities political science the natural sciences and environmental studies By examining the synergy between online and offline actions it highlights how these actions are

interconnected with online platforms and virtual spaces and in doing so it addresses the urgent need for compelling and legitimate civic resistance strategies in the modern world It explores the intersection of digital platforms and real world action providing fresh insights into how activism is increasingly transcending geographical technological and conceptual boundaries

New Forms of Civic Resistance and Activism will appeal to scholars and students of criminology social and political science environmental studies media and communication studies cybercrime and cyber security It will also interest activists policymakers practitioners and general readers who are curious about contemporary social movements This book is freely available as a downloadable Open Access PDF at <http://www.taylorfrancis.com> under a Creative Commons Attribution
