

# What Parents & Carers Need to Know about ROBLOX

## WHAT ARE THE RISKS?

### CONTACT WITH STRANGERS

Roblox encourages players to communicate online (including a group chat facility). This could expose children to risks such as sexual or online predators, harassment, grooming and more. The in-game chat has some filters, but isn't perfect. Parents can still spend hours of time talking to others, such as sexual predators, while predators can reach out to children directly.

### PUBLIC SERVERS

Roblox has private or VIP servers which allow people to play exclusively with their friends, but still costs money. Most Roblox players will instead be on public servers to play with other players. These servers are open to anyone and can be used for a variety of purposes, including direct player interaction, some games and servers, therefore, will put your child at risk of contact from strangers than others.

### ONLINE DATERS

These are also called "daters" and are quite common in Roblox. An dater is an individual who joins a game with the intention of meeting someone in person. Such online dating is against the Roblox rules of service, but this usually doesn't deter daters. Some players build Roblox game worlds have even been designed with online dating specifically in mind.

### IN-APP PURCHASES

Roblox is actually free to download and play, but there is a lot of hidden costs. There are some hidden costs. Players can purchase virtual items, such as clothing, in the game, for example, using real money. People can also buy virtual items (like in-game currency) to spend on cosmetic items in the game, and some private or VIP servers also have a cost.

## Advice for Parents & Carers

### SET PARENTAL CONTROLS

Roblox comes with several parental control options, which can be set up on the game's website. It is essential to enter the correct date of birth for your child, as that allows Roblox to automatically apply the appropriate controls. The game also allows parents to set up their own account and monitor their child's account.

### DISABLE PRIVATE MESSAGING

Roblox's private messaging function raises the risk of children being contacted by people they may not want to speak with - people who may be leading to bullying, harassment, toxicity and scam attempts. The game allows you to disable private messages from anyone who has been added as a friend on your child's account.

### PRIVATE SERVERS

If your child has some genuine friends to play Roblox with, they may want to play on a private server. However, the risk of being contacted by people who may be leading to bullying, harassment, toxicity and scam attempts is higher on private servers. If your child is on Roblox, it's important to talk with them regularly about who they are playing the game with.

### MONITOR SPENDING

If they don't understand they're using real money, it's easy for children to spend a lot of money on the game. Using parental controls to place limits on their spending will help avoid any nasty financial surprises. Ensuring that you have access to your child's account and monitor their spending also makes it harder for your child to spend money covertly.

### DEALING WITH STRANGERS

At some point in their development, your child will need to learn how to deal with strangers and people who are upsetting them or asking uncomfortable questions. Talking to them about what's OK to discuss and what's not, and how to deal with people who are asking uncomfortable questions, is important. It's also important to understand how to communicate with other people online safely.
