curriculum around ten different project types Link projects with today's standards Teach students how to effectively collaborate and bring out the best in each other

### **Learning and Not Learning in the Heritage Language Classroom**

Kimberly Adilia Helmer, 2020-02-13 Learning and Not Learning in the Heritage Language Classroom a critical ethnography describes the first year of a teacher founded charter high school and presents a case study of compulsory Spanish heritage language instruction with two Spanish language teachers one English dominant and the other Spanish dominant The study follows the same cohort of Mexican origin students to their humanities English class bringing into focus what works and what does not with this group of learners Unlike many Spanish heritage language studies the students in this book did not choose to take part in Spanish class and thus provide unusually raw feedback on their teachers and classes The engagement and resistance of these students suggests pedagogical directions for engaging Spanish heritage language learners The book will be of interest to scholars administrators students and teachers involved in the delivery and assessment of heritage language classes

Climate Change, Security Risks and Conflict Reduction in Africa Charlène Cabot, 2016-11-04 Millions of people are already affected by weather related shocks every year in West Africa and climate change is highly likely to increase these threats In the wake of climate change rising temperatures increasingly irregular rainfall and more frequent natural hazards will endanger the ways of life of vulnerable population groups in this region and destabilize their human security A surge in violence and conflicts could take place One of the conflict constellations could be between farmers and herders These groups are highly vulnerable to climate change due to their dependence on natural resources Millions of people are already affected by weather related shocks every year in West Africa and climate change is highly likely to increase these threats In the wake of climate change rising temperatures increasingly irregular rainfall and more frequent natural hazards will endanger the ways of life of vulnerable population groups in this region and destabilize their human security A surge in violence and conflicts could take place One of the conflict constellations could be between farmers and herders These groups are highly vulnerable to climate change due to their dependence on natural resources for their subsistence Furthermore they are historically prone to enter into conflict over issues of access to natural resources However social economic and political circumstances fundamentally influence environmental conflicts There might thus be opportunities to face the societal challenges of climate change in a peaceful way and the political and institutional framework could play an important role in reducing conflict and violence In order to explore such a path this study analyses the potential of political factors policies and institutions for the reduction of climate change induced or aggravated conflicts between farmers and herders After a theoretical demonstration a case study of agro pastoral conflicts in Burkina Faso Côte d'Ivoire and Ghana is conducted their subsistence Furthermore they are historically prone to enter into conflict over issues of access to natural resources However social economic and political circumstances fundamentally influence environmental conflicts There might thus be opportunities to face the societal challenges of climate change in a peaceful way and the political and institutional framework

could play an important role in reducing conflict and violence In order to explore such a path this study analyses the potential of political factors policies and institutions for the reduction of climate change induced or aggravated conflicts between farmers and herders After a theoretical demonstration a case study of agro pastoral conflicts in Burkina Faso Cote d'Ivoire and Ghana is conducted
