It's never been easier to design the life you want and work wherever you want. This is why I love the era that we are living in. Remote work has created the biggest shift in 100 years in how we work. That's right. Remember the invention of computers, the Internet, Smartphones? Those were just warm-up rounds that enabled the latest seismic earthquake in how we live and work. For the first time in history, you don't need to be physically located close to your job or source of economic opportunity. In this easy-to-digest book, I share everything I know about planning, executing, and transitioning to life as a remote worker abroad. You'll learn what the term "digital nomad" means, why I think it's cheesy, and how you can get past the jargon to think about the underlying principles of location independence. Different paths to becoming a digital nomad. Finding your purpose. Choosing a digital nomad destination in South America, Europe, Asia, and more. Tips and tricks for living life as a remote worker abroad. Best practices for being an effective remote worker with teammates and clients. A long-term strategy for adopting the digital nomad lifestyle. To get more details on what's in the book, scroll through images above to see the table of contents.
