Power of Scarcity: Leveraging Urgency and Demand to Influence Customer Decisions Mindy Weinstein, 2022-11-08
 Drive revenue and grow your business by using the powerful concept of scarcity Scarcity isn't just one of the key principles
 of influence it's arguably the most powerful invoking the kind of primal instincts that were essential to our ancestors survival
 It's also the explanation for why in the mid 1990's 29 99 Tickle Me Elmo dolls were being scalped for 7 000 apiece And yet
 for all its power scarcity is a principle that's little understood even as it's frequently employed in sales and marketing
 campaigns Research on scarcity is published mainly in academic journals not easily accessible to the mainstream public and
 often written from an economic rather than psychological point of view In *The Power of Scarcity* Dr Mindy Weinstein
 leverages her deep expertise in both marketing and psychology to reveal how this influence principle can be used to boost
 sales win negotiations spark action develop community build customer loyalty and more As a digital marketer and doctor of
 philosophy in psychology she brings both practical and academic insights to explain the psychology behind scarcity why it
 has such an immense impact on decision making and how used correctly and ethically it can influence the people who buy

your products or services In these pages you ll gain a deeper understanding of why and how scarcity works in business and specifically how different types of scarcity messages supply related demand related time related or limited edition affect our brains You ll see it in action from multiple perspectives through case studies research findings and eye opening interviews with current and former executives from brands that include McDonald s Harry David and 1 800 Flowers as well as real life customers firsthand experiences For anyone involved in sales and marketing today The Power of Scarcity is a rare find combining the best research on the subject as well as hands on tactical ways to apply the psychology behind it to knowledgeably harness that power to bolster your business
