Amid this political chaos, Benny Citrone of the Royal North West Mounted Police arrives at Merinda and Jem's flat, requesting assistance in locating his runaway cousin, a man with a deadly talent. While Merinda eagerly accepts the case, she finds herself constantly butting heads and hearts with Benny. Meanwhile, Jem has her hands full with a husband who is determined to keep her out of harm's way. As Merinda and Jem close in on the danger they've tracked from Toronto to Chicago, they uncover a sinister plot to assassinate presidential candidate Theodore Roosevelt. **The Ultimate Sleep Easy Guide** Shawn Walker, Chris Stevenson, 2020-02-14 Do you want to live happier and serene days by understanding how to sleep better and completely eliminate your daily stress and negative feelings? What is sleep? The most common answer and belief is that it's just a time during which our body and mind stop working. In reality, what actually happens is nothing like that. Sleep is an extremely important and active period during which many vital processes take place. Getting good sleep is vital for your well-being and health. Without proper sleep, your body won't be able to regulate its hormones or rest your muscles, and your cortisol levels will skyrocket along with your stress. You might not know this, but about half of the global population suffers from 70 different sleep disorders with more or less serious repercussions to their everyday life. Among a list of many, we can find sadness, stress, and drowsiness during the day, lack of energy, or constant tiredness. When you are not sleeping well, your body and mind are not functioning properly, and this can affect your day quite a bit. The effects can vary; maybe you might not be able to carry out simple tasks like getting along with others or more complex ones like working on a project with an imminent deadline. By sleeping, you restore your body and mind, regaining that mental and physical strength necessary to face the following day. The purpose of this book, after months of research, is to give you the most up-to-date and relevant sleep hacks discovered all around the globe to help you live a happier and better life. Here are the benefits that you will gain from reading this book: Greatly improved sleep quality while teaching your body how to sleep for the right amount of time.
