software development has become an umbrella term for a number of changes in how software developers plan and

coordinate their work how they communicate with customers and external stakeholders and how software development is

organized in small medium and large companies from the telecom and healthcare sectors to games and interactive media

Still after a decade of research agile software development is the source of continued debate due to its multifaceted nature and insufficient synthesis of research results Dings yr Dyb and Moe now present a comprehensive snapshot of the knowledge

gained over many years of research by those working closely with or in the industry It shows the current state of research on

agile software development through an introduction and ten invited contributions on the main research fields each written by

renowned experts These chapters cover three main issues foundations and background of agile development agile methods in

practice and principal challenges and new frontiers They show the important results in each subfield and in addition they

explain what these results mean to practitioners as well as for future research in the field The book is aimed at reflective practitioners and researchers alike and it also can serve as the basis for graduate courses at universities **Microsoft® SQL ServerTM 2000 DBA Survival Guide, Second Edition** Orryn Sledge,Mark Spenik,2002 Microsoft SQL Server 2000 DBA Survival Guide is organized into several parts that comprise the various jobs and tasks the DBA performs Each chapter is presented with the goal of providing knowledge and know how to Database Administrators of a SQL Server database The chapters also offer real world insight and experience by passing on tips tricks and suggestions based on what the authors have learned the hard way The book also takes time to provide checklists and examples for various SQL Server DBA tasks The book also provides insight into the tasks that make up a DBA s job including discussions of topics such as the creation of naming standards and conventions which are essential for efficient administration **Forthcoming Books** Rose Arny,2003
