Technician Study Notes Diane Farmer, 2013-02-17 A compilation of tidbits and factoids to assist in preparation for JCAHPO

testing at COA COT and COMT levels I've had at least a dozen people in the last couple months ask for copies of my self compiled notes I used for studying for and passing the JCAHPO COA COT and COMT tests Typically when someone asks I gladly and dutifully run out to Kinko's copy and print the files and sometimes have them spiral bound for ease of use as well and then am reimbursed for the cost I've finally decided to streamline the process and get out of the middle of it AND produce a nicer looking product and save gas money and time in front of the printer lol The factoids are compiled from a multitude of resources through the years and started geared towards the COA It was then added to and grown as I studied for the COT and COMT exams I've found that different resources sometimes contradict one another so occasionally you'll find some contradictions in the notes as well
