Riding the Energy Transition Reda Cherif,Fuad Hasanov,Aditya

Pande,2017-05-22 Recent technological developments and past technology transitions suggest that the world could be on the verge of a profound shift in transportation technology The return of the electric car and its adoption like that of the motor vehicle in place of horses in early 20th century could cut oil consumption substantially in the coming decades Our analysis suggests that oil as the main fuel for transportation could have a much shorter life span left than commonly assumed In the fast adoption scenario oil prices could converge to the level of coal prices about 15 per barrel in 2015 prices by the early 2040s In this possible future oil could become the new coal

Designing the Future: How Ford, Toyota, and other World-Class Organizations Use Lean Product Development to Drive Innovation and Transform Their Business James M. Morgan, Jeffrey K. Liker, 2018-10-26 How companies are using lean development to revolutionize their product and service offerings. Vital lessons any business leader can use as an engine of innovation. How did Ford Motors use Lean Development to pull off one of the most impressive corporate turnarounds in history? Largely by avoiding the mistakes that so many companies make when in a death spiral. They looked beyond manufacturing efficiency to change the very fundamentals of how they developed vehicles. In *Designing the Future*, Lean product development expert James Morgan and world-renowned Lean guru Jeffrey K. Liker reveal why so many companies have achieved only moderate success with Lean in operations with a limited impact on their overall business. They take you through the process of bringing the best of Lean management to your enterprise in order to link your business strategy to superior value designed for customers. The authors provide an actionable approach to building a better future for your business, fueled by an iterative, integrated process that relies on simultaneous engineering, linking strategy and vision. They illustrate how to empower skilled and talented people to make collaboration and innovation a habit, hour to hour and day to day.

day It's the secret of full implementation of Lean and this groundbreaking guide takes you through every step of the process. The best way to predict the future is to create it.
