**Smart Data Pricing** Soumya Sen, Carlee Joe-Wong, Sangtae Ha, Mung Chiang, 2014-09-09 A comprehensive text addressing the high demand for network, cloud and content services through cutting edge research on data pricing and business strategies. Smart Data Pricing tackles the timely issue of surging demand for network, cloud and content services and corresponding innovations in pricing these services to benefit consumers, operators and content providers. The pricing of data traffic and other services is central to the core challenges of network monetization, growth, sustainability and bridging the digital divide. In this book, experts from both academia and industry discuss all aspects of smart data pricing research and development, including economic analyses, system development, user behavior evaluation and business strategies. Smart Data Pricing presents the analysis of leading researchers from industry and academia surrounding the pricing of network services and content. Discusses current trends in mobile and wired data usage and their economic implications for content providers, network operators, end users, government regulators and other players in the Internet ecosystem. Includes new concepts and background technical knowledge that will help researchers and managers effectively monetize their networks and improve user quality of experience. Provides cutting edge research on business strategies and initiatives through a diverse collection of perspectives. Combines academic and industry expertise from multiple disciplines and business organizations. The ideas and background of the technologies and economic principles discussed within these chapters are of real value to practitioners, researchers and managers in identifying trends and deploying new pricing and network management technologies and will help support managers in identifying new business directions and innovating solutions to challenging business problems.

seen the future of marketing and it delivers in less than 300 pages Adam Metz's *The Social Customer* makes a compelling case for revolutionizing your thinking about how you connect and build a relationship with your customer in a fashion that shrinks your marketing team and amplifies the love the world feels for you and your product. Not easy stuff and done the wrong way it's dangerous. CHIP CONLEY founder of *Joie de Vivre Hospitality* and author of *PEAK How Great Companies Get Their Mojo from Maslow* About the Book IF you look at the people who follow your company via social media simply as social media users you're missing a much bigger picture. They are above all your customers and as such they have a multitude of needs. But without the right social media strategy they might not remain your customers for long. Adam Metz is prized by clients and online fans for his understanding of what makes both companies and their customers click and how social media can get them in sync and drive revenue. In *The Social Customer* he teaches you all you'll need to know to transform your business not just on the Web but across the board. Even if Facebook and Twitter were to disappear tomorrow these are the fundamentals that will always apply whatever the technology and whatever the social media. You'll learn How to transform your brand into a coveted Social Object. Where your brand currently stands with your social customers and how to mobilize your customers to get the word out. The *Ten Commandments of Social Customer Relationship Management* How to harness the power of collaboration. How to delight your customers and win loyalty through individualized Treatment. What terms like Social Marketing and Social Sales Insights really mean and why they can be vital to business success. Metz also includes anecdotes, case studies and outside the box inspiration from branding innovators ranging from upstart punk bands to absolute giants like Burger King and SAP all designed to keep you thinking critically, creatively and with the kind of flexibility that will keep your social customers engaged as your company grows.
