**The Voice Catchers** Joseph Turow, 2021-05-18 Your voice as biometric data and how marketers are using it to manipulate you Only three decades ago it was inconceivable that virtually entire populations would be carrying around wireless phones wherever they went or that peoples exact locations could be tracked by those devices We now take both for granted Even just a decade ago the idea that individuals voices could be used to identify and draw inferences about them as they shopped or interacted with retailers seemed like something out of a science fiction novel Yet a new business sector is emerging to do exactly that The first in depth examination of the voice intelligence industry The Voice Catchers exposes how artificial intelligence is enabling personalized marketing and discrimination through voice analysis Amazon and Google have numerous patents pertaining to voice profiling and even now their smart speakers are extracting and using voice prints for identification and more Customer service centers are already approaching every caller based on what they conclude a caller s voice reveals about that person s emotions sentiments and personality often in real time In fact many scientists believe that

a person's weight height age and race not to mention any illnesses they may have can also be identified from the sound of that individual's voice Ultimately not only marketers but also politicians and governments may use voice profiling to infer personal characteristics for selfish interests and not for the benefit of a citizen or of society as a whole Leading communications scholar Joseph Turow places the voice intelligence industry in historical perspective explores its contemporary developments and offers a clarion call for regulating this rising surveillance regime Frommer's Florida from \$70 a Day Bill Goodwin, Lesley Abravanel, Jim Tunstall, Cynthia Tunstall, 2002-10-03 Frommer's is the name you can trust for great travel bargains Our acclaimed a Day series is not for backpackers who want to rough it but for travelers with taste who've outgrown their student lifestyle and demand comfortable accommodations and good authentic meals at a reasonable price Each guide is loaded with detailed listings for mom and pop motels B Bs comfortable guesthouses good value bistros and ethnic restaurants You'll find a bargain hunter's shopping guide affordable fun after dark and complete sightseeing coverage including the best things to do for free or almost Our expert authors have already gone everywhere you might go they've done the legwork for you and they're not afraid to tell it like it is saving you time and money Every Frommer's a Day Guide is up to date with dozens of color maps and exact prices for every single expense so you can accurately plan each day's budget Frommer's knows that affordable travel doesn't have to mean making sacrifices It's about having fun and getting a great deal A vacation in the Sunshine State doesn't have to cost you an arm and a leg when you travel with Frommer's Florida from 60 a Day Our authors have uncovered hundreds of wonderful mom and pop motels charming B Bs great value condo rentals cute cottages and more We'll show you how to save money on airfares car rentals and package deals You'll even learn how to enjoy Walt Disney World without breaking the bank or spending your whole trip standing on line We'll also help you find great dining at unbelievably low prices from 8 seafood platters to all you can eat stone crab feasts and point you to the best beach bars and other affordable after dark fun We've got all the details on Florida's fabulous beaches and natural wonders plus the best budget golf affordable water sports and other outdoor adventures And we've even thrown in a color fold out map More upscale guides include Frommer's Florida and Frommer's Miami the Keys For indepth coverage of Florida's top theme parks with selections in all price ranges check out Frommer's Walt Disney World Orlando
