

POLICE STUDENT'S GUIDE

Introduction to the NYPD

CONGRATULATIONS!

You have come far in your quest to become one of New York's Finest, and you certainly have earned our congratulations and best wishes for your success.

WHY IS IT IMPORTANT FOR POLICE OFFICERS TO KNOW THE MATERIAL IN THIS CHAPTER?

There is an easy answer to this. In this chapter, we try to share with you some of the most important things you will have to know and do in order to succeed in the Police Academy and beyond.

This should be a time of great pride. The NYPD is the largest police agency in the United States, and the most celebrated and highly honored in the world. Everywhere, in the United States and abroad, people recognize our shield as the mark of the most competent and distinguished police officers. Although you are not there yet, you are well on your way to earning our shield. The next few months will determine whether you succeed in doing so, and your performance in the probationary period that follows will determine whether you keep it. Work hard to do so.

This should also be a time of great humility. More than 70,000 NYPD officers have been trained since the current Police Academy opened its doors in 1965. They have gone on to serve with great distinction, bravery, and brilliance. In doing so, they have joined the long blue parade of NYPD officers who have made every sacrifice to protect and serve this City and its people. Enjoy your studies and work at the Academy, and enjoy your career – but keep in mind that this is a very serious business that may put you to the ultimate test more than once. For this reason, the Academy is a very serious and special place. Every time you walk through the portals and halls of the Police Academy, you walk where heroes have walked. Make sure you treat the place and your studies here accordingly.

By now, you have heard the NYPD referred to as a big, extended family. Certainly, we care deeply about all our people. We encourage personnel at all ranks to interact cordially and respectfully, and to be concerned about each other. **But the first thing you need to know about the NYPD is that this is not a democracy. This is a paramilitary institution that is organized by rank and status.** The NYPD is highly disciplined, as it must be if it is to perform its tasks under the circumstances in which our officers frequently find themselves. The activities of members at different ranks and positions are governed not only by federal, state and constitutional law but also a set of internal rules and procedures. Recruits must follow the same set of internal procedures as other officers in regards to matters relating to deployment, proper uniform, time off, sick
