Podcasting in a Platform Age John L. Sullivan, 2024-01-25 Podcasting in a Platform Age explores the transition underway in podcasting by considering how the influx of legacy and new media interest in the medium is injecting professional and corporate logics into what had been largely an amateur media form Many of the most high profile podcasts today however are produced by highly skilled media professionals some of whom are employees of media corporations Legacy radio and new media platform giants like Google Apple Amazon and Spotify are also making big and expensive moves in the medium by acquiring content producers and hosting platforms This book focuses on three major aspects of this transformation formalization professionalization and monetization Through a close read of online and press discourse analysis of podcasts themselves participant observations at podcast trade shows and conventions and interviews with industry professionals and individual podcasters John Sullivan outlines how the efforts of industry players to transform podcasting into a profitable medium are beginning to challenge the very definition of podcasting itself [Strategic Workforce Reskilling in Service](#)

[Marketing](#) J Nair, Arjun, Manohar, Sridhar, B. Limbu, Yam, A. Huhmann, Bruce, 2025-04-17 In the contemporary landscape there is a critical nexus of service marketing innovation workforce upskilling and ethical business paradigms The domain where marketing innovation intersects sustainability and corporate ethics is underexplored Enterprises can adopt avant garde strategies such as voice search technology to enhance service provision while advancing sustainability and corporate social responsibility CSR However voice search technology remains an under researched area particularly its ramifications

for workforce reskilling and its capacity to transform service marketing dynamics Strategic Workforce Reskilling in Service Marketing paves the way for novel academic inquiry and theoretical elaboration in an era of rapidly evolving technological paradigms Through a synthesis of theoretical frameworks and empirical case studies it offers profound insights into the confluence of technology reskilling and responsible corporate practices Covering topics such as employee retention gamified training and environmental awareness this book is an excellent resource for business leaders marketing practitioners human resources professionals policymakers researchers academicians and more

Curation Michael Bhaskar, 2016-06-02 A terrific and important book it s a great fresh take on how the 21st century is transforming the way we select everything from food to music David Bodanis author of E MC2 In the past two years humanity has produced more data than the rest of human history combined We carry a library of data in our pockets accessible at any second We have more information and more goods at our disposal than we know what to do with There is no longer any competitive advantage in creating more information Today value lies in curation selecting finding and cutting down to show what really matters Curation reveals how a little used word from the world of museums became a crucial and at times controversial strategy for the twenty first century Today s most successful companies Apple Netflix Amazon have used curation to power their growth by offering customers more tailored and appropriate choices Curation answers the question of how we can live and prosper in an age of information overload In the context of excess it is not only a sound business strategy but a way to make sense of the world
