**Four Battlegrounds** Paul Scharre,2023-02-28

An NPR 2023 Books We Love Pick One of the Next Big Idea Club's Must Read Books An invaluable primer to arguably the most important driver of change for our future P W Singer author of Burn In An award winning defense expert tells the story of today's great power rivalry the struggle to control artificial intelligence. A new industrial revolution has begun. Like mechanization or electricity before it artificial intelligence will touch every aspect of our lives and cause profound disruptions in the balance of global power especially among the AI superpowers China the United States and Europe. Autonomous weapons expert Paul Scharre takes readers inside the fierce competition to develop and implement this game changing technology and dominate the future. Four Battlegrounds argues that four key elements define this struggle data computing power talent and institutions. Data is a vital resource like coal or oil but it must be collected and refined. Advanced computer

chips are the essence of computing power control over chip supply chains grants leverage over rivals Talent is about people which country attracts the best researchers and most advanced technology companies The fourth battlefield is maybe the most critical the ultimate global leader in AI will have institutions that effectively incorporate AI into their economy society and especially their military Scharre's account surges with futuristic technology He explores the ways AI systems are already discovering new strategies via millions of war game simulations developing combat tactics better than any human tracking billions of people using biometrics and subtly controlling information with secret algorithms He visits China's National Team of leading AI companies to show the chilling synergy between China's government private sector and surveillance state He interviews Pentagon leadership and tours U.S. Defense Department offices in Silicon Valley revealing deep tensions between the military and tech giants who control data chips and talent Yet he concludes that those tensions inherent to our democratic system create resilience and resistance to autocracy in the face of overwhelmingly powerful technology Engaging and direct Four Battlegrounds offers a vivid picture of how AI is transforming warfare global security and the future of human freedom and what it will take for democracies to remain at the forefront of the world order *New Developments in the Trilateral Relationship between the United States, Taiwan, and China* Charles K.S. Wu,Yao-Yuan Yeh,2025-03-15 Taiwan has become a new flashpoint in Sino U.S. relations in recent years The nation just concluded its presidential and legislative elections in January 2024 The incumbent Democratic Progressive Party DPP won a pyrrhic victory with DPP keeping the presidential seat but losing the majority in Taiwan's Legislative Yuan Congress The political status of Taiwan is one of the few if not the only issues that have won bipartisan support New Developments in the Trilateral Relationship between the United States Taiwan and China analyzes the three way relationship and raises numerous questions that are urgently awaiting answers The book advances our understanding of some of the pressing issues in this relationship These questions include but are not limited to how does the U.S. public view the trade war against China How do they perceive China in general What extent could the Indo Pacific Economic Framework for Prosperity IPEF support U.S. economic competition with China As for Taiwan to what scope do China's campaigns infiltrate and influence political attitudes Considering its geographic proximity to Taiwan how does the immigration from Hong Kong influence Taiwan
