*PC Mag* ,2007-02-06 PCMag com is a leading authority on technology delivering Labs based independent reviews of the latest products and services Our expert industry analysis and practical solutions help you make better buying decisions and get more from technology Selling in Customer Service Leon Cai,2024-08-27 Service in this book refers to the behaviors and actions of serving customers Selling in this book refers to the behaviors and actions of selling products to customers Hence this book is completely different from other books on these subjects Despite the fact that there are many books on service improvement and many related to selling skills worldwide there are few books on how service and selling are integrated and coordinated Primarily it focuses on the interaction and transition between the behavior of service and the behavior of selling by sharing methods and skills of how those two are interrelated This book provides many helpful guidelines and solutions for turning customers satisfaction with service into growth in sales Through many refreshing ideas the author helps you deeply understand the significance of integration of and conversion between service and selling and the harm of disconnection between service and selling Many new ideas and viewpoints which are different from other service books or sales books are discussed such as the contention that over service and over selling should be prevented Instead of Giving highly complex and abstract definitions of service or selling this book redefines service and selling with say YES to customers and Make customers say YES respectively Insisting that customers satisfaction with service will naturally lead to their long term loyalty this book emphasizes that customers satisfaction with service has a shelf lifetime which will soon fade over time Taking the achievement of customer satisfaction as the final purpose of service the author believes that the end of service is not customer satisfaction but to create new customer needs and achieve increased sales Taking meeting or exceeding customer expectations as the golden rule the author insists that customer expectations need to be reduced first then satisfied and upgraded finally Focusing on the development of customers buying needs like other books do this book focuses oppositely on the research of why customers have no buying needs Generative AI Design Patterns Valliappa Lakshmanan,Hannes Hapke,2025-10-03 Generative AI enables powerful new capabilities but they come with some serious limitations that you ll have to tackle to ship a reliable application or agent Luckily experts in the field have compiled a library of 32 tried and true design patterns to address the challenges you re likely to encounter when building applications using LLMs such as hallucinations nondeterministic responses and knowledge cutoffs This book codifies research and real world experience into advice you can incorporate into your projects Each pattern describes a problem shows a proven way to solve it with a fully coded example and discusses trade offs Design around the limitations of LLMs Ensure that generated content follows a specific style tone or format Maximize creativity while balancing different types of risk Build agents that plan self correct take action and collaborate with other agents Compose patterns into agentic applications for a variety of use cases

*Conversion Optimization* Khalid Saleh,Ayat Shukairy,2010-11-01 How do you turn website visitors into customers

Conversion Optimization offers practical advice on how to persuade visitors to make a buying decision without driving them away through data overload or tedious navigation. You'll learn how to use marketing principles, design, usability, and analytics on your site to increase your buyer to visitor ratio whether you're involved with marketing or designing a large ecommerce site or managing a modest online operation. Based on the authors broad experience in helping businesses attract online customers, this book addresses every aspect of the process from landing visitors to finalizing the sale. You'll learn several techniques for blending successful sales approaches with the particular needs of the people you want to attract. Are you ready to do what it takes to get a double digit conversion rate? Explore case studies involving significant conversion rate improvements. Walk through different stages of a sale and understand the value of each. Understand your website visitors through persona creation. Connect with potential customers and guide them toward a conversion. Learn how to deal with FUDs, customer fears, uncertainties, and doubts. Examine the path that visitors take from landing page to checkout. Test any change you make against your original design. The Web is unique in its ability to deliver this almost improbable win-win. You can increase revenue AND make your customers happy. Yet most websites stink. Worry not, Khalid and Ayat to the rescue. Buy this book to follow their practical advice on how to create high converting websites that your visitors love.
